Questions

- Michele Linton-There have been a lot of shootings and gang related activity on 148th street along Adam Clayton Powell Blvd., Bradhurst & Edgecombe. Specifically on Saturday nights and with young people.
 - Answers-We have 4 patrol cars dedicated to patrolling the area from 7pm to midnight. This night team is working closely with the NYPD gang unit and narcotics. We share files and information. In addition, As Apostle Ramos mentioned, we also work with cure violence organizations as well.
- Nat Artman- On Bradhurst and 145th street, I notice that people are running stop signs which is dangerous because there are a lot of children in the area. This may be due to people blocking the cross walks where pedestrians should walk.
 - Answers-Taking note of this occurrence and working in conjunction with traffic officers to see what can be done.

Presentation of Monthly Stats-28th Pct. Captain Michael Butler

- Capt. Butler-The Pct. Is down overall by 7%. No murders and no rapes in this 28-day period. No changes in robberies. Down overall by 7% No murders, No Rapes, Same as last year with robberies. There has been a drop of 21% in felony assault. Burglaries increased (one individual with this reoccurring crime. Apprehended by the safety team. He has been in custody and released but now we know who we are looking for.) Down in Grand Larceny and Grand Auto Larceny.
- The two shootings that occurred one on April 23 rd , 2022, on 112th Street and another on April 26th , 2022, that occurred at Kings Houses but is still under investigation.
- Please take your keys out of your car it only takes one minute to get your car stolen.
- Thursday is the highest day of the week that crime occurs

Questions

- Lady Moore- Do the patrol officers work with the transit officers? I notice that there are officers on the subway which reduces crime but once they leave the crime restarts. In addition, are there officers checking that people pay their fares? Will there be officers checking fares like they used to?
 - Yes, our patrol officers will pop into the subways and patrol the areas and we work with the Transit District 3 officers who are assigned to this location. The questions about the fares would be better answered by TD3. At this time there are no plans to have officers check the fares of the riders.
 - Information for Transit District 3- TD3 Transit District 3 Sector Charlie (Covering Lenox Line and Parts of Broadway)- Officers champagne (donald.champagne@nypd.org) and
 - McCutchen(Wardell.Mccutchen@nypd.org)

- Shawn Brannon-CB10-There is an issue with crime near the Scaffolding on 116th street and Adam Clayton Powell near Graham court. When I walk the near the bus stop and across the street at the park it is an “Active” Location with a lot of issues.
 - Yes, we are aware of the increase of activity near the scaffolding and have more patrol sent out in these areas. We notice that addressing traffic concerns also helps with these issues, so we are addressing this as well. Presentation on Guy Buy Back, Jacques Brunvil Jacques Brunvil, Manhattan DA Harlem Community Coordinator. Email brunvilj@dany.nyc.gov or call me directly at (347) 276-3151.
- June Gun Buy Back, Saturday June 25th, 2022 10am-4pm at Soul Saving Station 302 W. 124th Street New York, NY 10027
- It is the first in Harlem in years and we have pushed to get this established
- Working with Clergy/Community to make this initiative impactful
- Raised incentives more money and it is completely anonymous
- Guns are destroyed offsite

Comments from Apostle Ramos

- Clergy will be involved. We must think about potential violence or turf wars as a result of guns crossing neighborhood lines. We don't want this act of service to backfire. So, clergy is committed to helping transport the guns to the buy backs.

- DA Bragg will continue to hold weekly webinars address community concerns and important topics such as the Human/Sex Trafficking webinar held today at 1pm.

Short Presentation, Donald Notice, Executive Director for West Harlem Group Assistance Organization & Harlem River Houses

- Been to the community board many times on housing issues and I wanted to be on because my organization is taking over Harlem River Projects on 151st street where there was a shooting last night. I want to introduce myself to Public Safety so you all know we are here to work with NYPD in whatever ways (be that sharing intelligence and/or trading resources.)
- In addition, I was just at an event with Insp. Yakatally who will set up a meeting for all of us (development team) with the 32nd Pct. To be involved and partner in these efforts to combat this increase in crime.

Open Floor: Concerns, Questions, and Reflections from the Community

- Tracy Campbell-Street Corner Resources Community Coordinator- Working with the community in our Outreach Teams 24/7-working with the hospital and “Boots on the Ground” in the neighborhood
 - Email address: tracy@scrnyc1.org & Cell phone: (917) 428-9094
- Charles Powell- People especially, seniors and the youth, are afraid to leave their houses due to the violence we are seeing. Meetings like these and Public Safety Initiatives are much needed in this time.
- Apostle Dr. Staci J. Ramos- PS Chair Charles Johnson is attending the Higher Learning Cannabis Master Class Series, sponsored by the MCB10. We look forward to his return to

report back of all of the great information. Whether we all agree or not, it's important to know what can be done to help our communities.

- Apostle Dr. Staci J. Ramos-The community and the police stood together for an eyewitness event that occurred recently. It was a good opportunity for the community to stand together and see growth in community engagement with the NYPD. It is important to recognize the small steps.
- Lady Moore, YOURS- Regarding Sex Trafficking-We tell our young people that we have mental health resources and help but I don't see this. I have a young woman who is need of immediate help. We have been to various organizations, but no one is providing the immediate clinical- and Psychiatric (medical) assistance we need.
 - Response by Tracy- SCR, we have many programs, I can reach out- we have after school activities and we speak to them often and help them get jobs, apply for college, and anything they need help with. We don't want them to feel alone. They are our future. In addition, we do have Mental Health Counselors.
 - Lady Moore- What about after 18? No one is there to help them after they age out.
 - Response by Tracy-We don't have a Gap on the ages in which we serve. We help those over 18 years old with: Education, jobs, living situations, whatever is needed. Please reach out for One-onOne resources for this particular person. We will help her.

Moving Forward

- Apostle Ramos- Clergy/Community Members are heading down to Buffalo to support the efforts of "Boots on the Ground" needs such as Pastoral Care.
- Cicely Harris-There are resources available for those who are grieving due to the hate crime that occurred in Buffalo, NY. Coordinating agencies with the governor's office to ensure those who need it are receiving the support they need as they support those in Buffalo during this difficult time.
- Apostle Ramos & Cicely Harris-Invite others to come back with you. The CB10 Public Safety Meeting is important to share community concerns and receive community updates.
