STANDING COMMITTEE REPORTS

LAND USE AND BUSINESS DEVELOPMENT

Citywide Hotels Text Amendment: The proposed zoning change would require City Planning Commission approval for new and enlarged hotels and motels, tourist cabins and boatels in commercial, mixed-use and paired M1/R districts. The new Special Permit requirement would override existing hotel special permit requirements. However, the existing special permit provisions that apply in M1 districts, which require the Commission to make findings specific to industrially- zoned areas, will remain in place from passage of the M1 Hotels Text Amendment in 2018.

Whereas:

1. In December 2018, Department of City Planning (DCP) adopted a city-wide zoning text amendment to establish a new Special Permit for hotels in M1 districts under the jurisdiction of the City Planning Commission (CPC). These uses were then as of right in M1 districts and, if passed, would then require a Special Permit (except in MX and M1/R).
2. CB2, Man. supported the 2018 text amendment with the following conditions:

- a. An additional finding be added to protect and encourage a harmonious balance of uses consistent with the mixed-use character of CB2's M1-5 districts where non-manufacturing uses are prevalent.
 - b. The text change specifically allow the Planning Commission to prescribe appropriate additional conditions: for example, limitations on eating and drinking establishments, based on their impact on residential uses in the area—similar to the Conditions and Safeguards provision from ZR 74-21.
 - c. The existing restrictions on certain uses below the level of the second floor in M1-5A and M1-5B districts be retained and the text amendment require a hotel Special Permit to not supersede the requirement for any other Special Permit that may otherwise be applicable.
3. This 2021 Citywide Hotel text amendment would require a CPC Special Permit for new hotels and enlargements where hotels are permitted as-of-right today: C1 (except for C1-1, C1-2, C1-3 or C1-4 Districts), C2-4, C4, C5, C6, C8, Mixed Use (MX), and paired M1/R districts.
 4. The proposed CPC Special Permit would replace existing CPC Special Permits for new hotels in special purpose districts such as Special Hudson Square District in CB2.
 5. The new Special Permit requirement would override existing hotel Special Permit requirements. However, it would retain the existing findings and regulations for hotels in M1 districts as found in the 2018 text amendment for industrially-zoned areas.
 6. CB2 is opposed to making any changes before the effects of the pandemic on the tourism industry specifically, and the City in general, are better understood.
 7. We are concerned that introduction of regulation(s) in this particular area of the economy might decrease demand (due to higher costs), stymie job growth, stifle competition, and hinder economic recovery.
 8. This amendment would make hotels more expensive, encouraging tourists to use cheaper hotels outside the City, and worse, encouraging AirBnB usage which has proved so harmful to affordable housing in the city.
 9. The Hotel Trades Council, which supports this Special Permit text amendment, was the only union to endorse the Mayor's presidential bid.

Therefore, be it resolved that CB2, Man. recommends denial of this text amendment and looks forward to working cooperatively to address the concerns behind this legislation with an administration unencumbered by appearances of providing benefits to financial backers.

Be it further resolved that in the event that this text amendment passes, the following conditions be added:

1. An additional finding that protects a harmonious balance of uses consistent with the character of CB2's historic districts.
2. The text change specifically allow the Planning Commission to prescribe appropriate additional conditions: for example, limitations on eating and drinking establishments, based on their impact on residential uses in the area—similar to the Conditions and Safeguards provision from ZR 74-21.
3. The text amendment require a hotel Special Permit to not supersede the requirement for any other Special Permit that may otherwise be applicable.

Vote: Unanimous, with 42 Board members in favor.

LANDMARKS AND PUBLIC AESTHETICS

1. 80 Spring St. - Application is to install one awning, lettering on the side flaps of multiple awnings, and text in sidelights flanking the main entrance

Whereas:

1. An awning, in the third bay from the Spring Street corner on Crosby Street, is to match previously approved awnings in other bays; and
2. The elevation of the awning is aligned with the existing awnings, but in this bay the awning cuts through window panes between mullions - a “floating” awning in front of the window and inaccurate drawings minimize this condition; and
3. A solid panel covering the panes behind the awning would give suitable visual anchoring to the awning; and
4. The lettering proposed for side flaps on the awnings and for two signs (6’-6” x 1’-7”) flanking the side entrance are in “bistro style” and suitable to the building; now

Therefore be it Resolved that CB2, Man. recommends **approval** of the awning and the signage provided that a solid panel is installed behind the awning to visually anchor it.

Vote: Unanimous, with 43 Board members in favor.

2. 101 Greene St. - Application is to install new stainless-steel cladding in mirror finish on the existing façade, new signage, new door handle, and new supporting pole and banner.

Whereas:

1. The handsome facade, in classic cast iron with wooden infill design, is remarkably intact; and
2. The cast iron elements and moldings are to be suitably painted and the wooden moldings are being painted to match the proposed highly reflective stainless-steel cladding; and
3. The proposal is to clad the original flat wooden surfaces below and around the windows in mirror-finished stainless steel so that the infill effectively appears as though the wooden infill has been replaced with reflective stainless steel and painted wooden moldings; and
4. The applicant, though representing that the stainless-steel coverings of the wood and the paint that is to make the moldings match stainless steel would be removable, could not substantiate, even with speculative ideas, that this could be accomplished without destruction of the historic wooden infill
5. The design was described by the applicant as “modern”, “branding for the company”, and “reflecting the neighborhood” (literally), all of which are disrespectful to the intact historic design of the building, and have the effect of changing a historic façade into a modern storefront which would completely violate the historic design and deprive the public of the enjoyment of the intact historic façade; and
6. The overly large door handle is in a curved modern design that is an unwelcome decorative element, unsuitable to the building; and

7. The proposed blade sign is not similar to those on the street of neighborhood with a heavy wooden support and rigid connection to the sign below and is not freely suspended; and
8. The blade sign's large size was not represented as conforming to the regulations of size for the building and in the district; now

Therefore be it Resolved that CB2, Man. recommends denial of this application which is, in nearly every aspect and especially in the covering of historical materials with reflective stainless steel, unsuitable and destructive to the building and disrespectful of the historic character of the building and of the district.

Vote: Unanimous, with 43 Board members in favor.

QUALITY OF LIFE

Applications for revocable consent from DOT to construct, maintain and use:

1. Proposed fenced-in area, including steps, planters, and trash enclosure at 265 W 11th St., block 623, lot 47 (for Packer Brown LLC)

Whereas, the applicant wishes to conform the front of this residence to the others on the block by adding a front areaway; and

Whereas, the stoop was removed approximately 100 years ago and both neighboring residences currently have a front stoop, and the stoop will conform with Department of Transportation regulations which require five feet clearance between the stoop and the tree pit; and

Whereas, the application was recommended for approval by the CB2, Man. Landmarks committee and was approved by the Landmarks Preservation Commission; now

Therefore Be It Resolved that CB2, Man. recommends approval of the proposed fenced-in area, including steps, planters, and trash enclosure at 265 W 11th St., block 623, lot 47, in the Borough of Manhattan (for Packer Brown LLC), **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

Vote: Unanimous, with 42 Board Members in favor.

Whereas, the applicant considered putting the ramp inside the building, but it would take up so much space inside the storefront it would make the commercial space unusable, and this configuration provides the opportunity to provide ADA-access to the residential entrance as well; now

Therefore Be It Resolved that CB2, Man. recommends **approval** of a new accessible ramp at 643 Hudson St., block 627, lot 12 (for KATZ-AUERBACHER CORP.), **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

Therefore Be It Resolved that CB2, Man. recommends **approval** of Whitney Museum Community Day: Gansevoort St. between Washington St. and West St. [full street closure] on May 16, 2021, **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

Whereas, the memorial will be removed by 10 PM and the applicant is working with the Village Alliance on event logistics; and

Whereas, the applicant will comply with all COVID-19 safety requirements and will encourage social distancing and mask usage by participants; now

Therefore Be It Resolved that CB2, Man. recommends **approval** of The Haunting: Immersive Art Memorial (Caran Hartsfield): Astor Place Plaza (South) on May 29, 2021, **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

7. May 31-July 5, 2021—Art Installation (Creative Time, in partnership with NYCDOT, Village Alliance): Astor Place South Plaza [pedestrian plaza]

Whereas, Creative Time, a public arts organization located on East 3rd Street, is collaborating with Village Alliance on an art installation by NYC-based artist Rashid Johnson in the South Plaza of Astor Place; and

Whereas, the installation called Red Stage, is a 30-foot wide, 16-foot-tall stage-like sculpture, and it will be erected beginning May 31 and removed on July 5, and will be programmed with community workshops, artist presentations, and performances; and

Whereas, Creative Space is using guidelines for all participants that will center and respect the community of and around Astor Place, its neighbors, and the multiple histories that have taken place at this site; and

Whereas, there will be ten feet of clearance on all sides of the installation for pedestrian access, and the structure will not interfere with the farmers market sited in the plaza; and

Whereas, most of the programmed activations will take place on the sculpture, and some will include an audience of up to 150 people, and the organizers will use chalk and stencils to mark social distance requirements, and some activations will use existing plaza seating; and

Whereas, on June 19, 2021, the Public Theatre will host a Joe’s Pub Block Party Make Music event with the Village Alliance utilizing the sculpture; and

Whereas, any use of amplified sound is restricted to the hours of 5-9 PM, and the applicant is working with Thrill Life Productions, a NYS licensed operations and security team to site manage, and masks will be required on site, and a daily health questionnaire will be required of participants; now

Therefore Be It Resolved that CB2, Man. recommends **approval** of Art Installation (Creative Time, in partnership with NYCDOT, Village Alliance): Astor Place South Plaza (Note: Art Installation by Rashid Johnson with cultural programming by various artists, curated by Creative Time) [pedestrian plaza] from May 31-July 5, 2021, **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

8. Saturday, June 12, 2021—Prouder Than Ever Celebration (JECTNYC LLC): West 10th St. between Greenwich Ave. and Waverly Place [sidewalk and curb lane closure]

Whereas, JECT is a medical office located at 138 West 10th Street and opened this location two years ago and has been striving to stay in this location despite the loss of business during the COVID-19 pandemic; and

Vote: Unanimous, with 42 Board members in favor.

9. June 11-13, 2021—New York City Flower Show (Meatpacking Bid): Gansevoort St. between Hudson St. and 9th Ave. [full street closure]

Whereas, the applicant appeared before CB2, Man. in April 2021 and was unanimously recommended for approval for a permit for the New York City Flower Show presented in the Gansevoort pedestrian plazas and the applicant hopes to use this location for a related flower market; and

Whereas, the applicant was advised by the Street Activity Permit Office (SAPO) to apply for a 29-day concession agreement from the Department of Transportation (DOT) in order to sell merchandise at this event; and

Whereas, concerns were raised that a 29-day concession agreement procured through the DOT is not the customary procedure used for revenue generating street closures and more information is needed from SAPO as to this arrangement; and

Whereas, the applicant stated that SAPO indicated that it would permit the closures during open street and overnight closure, and that the DOT would permit for other times under the 29-day concession permit; and

Whereas, the applicant is presenting a European-style flower market with 10'X10' tents for each of 20 florists and that five tents would be used by non-florist concessionaires, the event would occur from 11 AM- 7 PM, with set-up on June 11 and load-out on June 13; now

Whereas, the applicant will utilize two curb lane spots and will adhere to covid precautions and will have staff outside the truck maintaining social distancing, and there will be recycling bins outside the truck, and the truck will be powered by a small generator; and

Whereas, a member of the community appeared and expressed concern that this truck would be parked directly outside DeSalvio Playground, a very busy location on Saturdays with families, and that generators don't have regulations and tend to be "nasty, dirty, and noisy," and this would be an inappropriate use of the space; and

Whereas, the committee considered that this is a one-time, one-day event, and that it was important in this phase of the COVID-19 recovery to support commerce and that this event doesn't signal a precedent for future events; now

Therefore Be It Resolved that CB2, Man. recommends **approval** of Sakara Life Food Truck: Spring St. between Mulberry St. and Mott St. [curb lane closure only – south side] from June 12, 2021, **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

Whereas, the committee expressed concern that the non-profit sponsoring organization does not maintain an active presence in the community; now

Therefore Be It Resolved that CB2, Man. recommends **denial** of Astor Place Festival (Village Crosstown Trolley): Astor Place between Broadway and Lafayette St. [full street closure] on August 21, 2021.

Whereas, the Applicants and their Attorney appeared before Community Board 2, Manhattan’s SLA Committee to present an application to the NYS Liquor Authority for alterations to the interior and exterior portions of an existing Hotel and to increase its late-night hours of operation in multiple interior and exterior portions of the Hotel, the Hotel being a stand-alone 18-story building built in 2010 and located/facing Grand and Thompson Streets, as well as Sixth Avenue in Soho; and,

ii. Whereas, the Applicants seek (1) to convert their existing restaurant on the cellar level to an event space to permit entertainment music levels, DJs, live music and dancing (all of which currently are not permitted), (2) to revoke and remove section 5(ii) of its prior MOU agreement with the surrounding Community Group to enable guests/patrons of the Hotel to enter on Grand Street currently prohibited in the prior MOU Agreement, an agreement which served to prevent impacts by the Hotel on Grand Street where there is a significant residential presence, (3) to extend its late-night hours of operation for their bar (known as Jimmy’s Rooftop Lounge) with ancillary exterior rooftop terrace and pool area until 2 AM Sunday through Thursday and until 3 AM on Fridays and Saturdays, (4) to add an exterior service bar to the rooftop bar, (5) to extend its late night hours of operation for certain exterior terraces located on multiple lower level terraces of the Hotel (known as the Treehouse) until 2 AM Sunday through Saturday, (6) to extend its late-night hours of operation on its large ground floor terrace from 11 PM to 12 AM and to add a retractable roof to the terrace, (7) to extend its late-night hours in its existing cellar (currently operated as a full-service restaurant closing by 12 AM during the week and 1 AM on the weekends but as previously stated is being converted into an event space with DJs and live performance) until 2 AM Sunday through Saturday and (8) to revoke and remove MOU stipulation No. 10

from its prior MOU Agreement which currently prohibits advertising signage so that the Hotel can in the future install billboard advertisements on its property; and,

- iii. Whereas, the Applicants and Attorney under the name “Jensen 27 Grand, LLC” had previously appeared in November 2016 before CB2 for a similar application but with hours of operation until 4AM for all areas of the Hotel, with DJs, Dancing, Live Music and Music in Outdoor areas etc. for which CB2, Man. had recommended denial, for which the 500-ft. hearing report recommended denial and as a result, the Members of the NYS Liquor Authority denied those applications at the August 16th, 2017 SLA Full Board Meeting; and,*
- iv. Whereas, the existing Hotel license for which the current Applicants seek to alter and change is governed by an extensive set of stipulations executed by the Hotel with a Community Group and with CB2, Man. in March 2013 that were incorporated into the Hotel’s “method of operation” on its current liquor license; the current Hotel licensee having agreed to abide by such pre-existing stipulations and the pre-existing existing MOU upon license transfer application from October/2017, the current license (SN#I306380) being governed by the same stipulations which were agreed to in January 2010 and March 2010 when the Hotel was first licensed as a part of an agreement for the issuance of the liquor license; at the time the hotel was built in 2010, there was significant opposition and the stipulations agreement which was entered into in 2010 and 2013 represented what those in opposition felt was very generous terms in which the hotel could operate and generate a sufficient return while still maintaining a balance of Quality of Life, the building of the high rise Hotel with so many exterior terraces and outdoor venues dwarfing the surrounding residential building stock creating a significant impact on the existing local community; and,*
- v. Whereas, by way of history, a portion of this location prior to building and completion of the Hotel in 2010 was the location of the Moondance Diner (Dancing in the Moonlight, Inc.) which had a restaurant wine license SN# 10292851; and,*
- vi. Whereas, below are two previous resolutions passed by CB2, Man. in January and March 2010 referencing the Hotel’s method of operation as currently licensed:*

At its Full Board meeting on January 21, 2010, Community Board #2, Manhattan (CB#2, Man.) adopted the following resolution:

Whereas, the applicant has agreed to abide by the regulations associated with all New York City Departments and safety organizations and will obtain all required certificates, permits and related documents; and,

Whereas, no one appeared in opposition from the community; and,

THEREFORE BE IT RESOLVED that CB#2, Man. recommends denial to the proposed On Premise license for BCRE Grand Café, LLC, d/b/a TBD, 25 Grand St. unless the conditions agreed to by applicant relating to the fifth and sixth “whereas” clauses are incorporated into the “Method of Operation” on the SLA On Premise license.

Vote: Passed, with 37 Board members in favor, and 1 in opposition (D. Diether).

- vii.** *Whereas, the previously existing method of operation listed was memorialized in stipulations agreements with CB2, Man. dated 3/14/2013 and again on October 27, 2017; and,*
- viii.** *Whereas, members of the Community appeared in opposition to this application, including a member of the original Community Group, there being complaints recently made that the Hotel was operating with live music and DJs on the ground floor exterior terrace in derogation of their existing stipulations, the exterior space being operated as the Gitano Jungle Room, also operating the restaurant in the cellar space (now requested to be converted into an event space), those appearing stating that the Hotel has not respected or adhered to the existing stipulations, the existing stipulations for the Hotel not permitting music of any kind in any exterior locations, that originally before the Hotel started operating there were significant concerns that outdoor music would come in the future, with dancing, and later hours of operation now being confronted; the representative of the local Community Group stating that the original terms were very generous and represented a good faith agreement between the parties, that the current application is the same or similar extension/expansion of late-night hours on multiple sections of the Hotel’s exterior previously denied by the NYSLA; for the current application addressed by this resolution, the Applicant stated in very clear terms in Oct 2017 that this would not be the case and that they would adhere to all stipulations and representations as outlined in this resolution; and,*
- ix.** *Whereas, when confronted with the complaints of exterior music at entertainment levels on the exterior terrace of the Hotel, the Applicants did not deny that this had occurred indicating instead that Hotel’s new operators would be taking over the terrace space and would abide by its prior agreements in the future; and,*

- x. *Whereas, while CB2, Man. has no objections to adding a retractable rooftop to the exterior ground floor terrace or interior conversion of restaurant to event space, CB2, Man. feels strongly that the existing exterior hours of operation for the Hotel, and existing MOU should remain in place and not be altered or changed in any manner, that no exterior bars or service bars should be permitted anywhere at the Hotel, that operations on the exterior terraces and rooftop terrace until 12 AM, 2 AM and 3 AM are totally inappropriate and entirely inconsistent with other Hotel operations within CB2's Community, for good and reasonable reasons, that the original stipulations and agreements were extremely generous and beneficial to the Hotel from the outset, and that instead if the interior hours are expanded at all, the existing exterior hours on the rooftop and other terraces should be reduced to no later than 11 PM, with no music permitted at any time on the exterior, with all doors and windows to such exterior spaces being closed at all times except for patron egress, and the Hotel should not be permitted to alter their current egress into the cellar event space on Grand Street as that will have a significant impact on the existing community, there having been changes that have narrowed Grand Street since the inception of the hotel by inclusion of a new protected bike lane; and*
- xi. *Whereas, in addition to the existing MOU, the Hotel's existing stipulations are currently as follows:*
1. *The Hotel will operate 24 hours a day/7 days a week.*
 2. *The 17th floor rooftop level bar will operate Monday to Wednesday from 5PM to 1AM, Thursday to Saturday from 3PM to 2AM and Sunday from 3PM to 1AM.*
 3. *The basement cellar restaurant will operate Sunday to Wednesday from 7AM to 12AM and Thursday to Saturday from 7AM to 1AM.*
 4. *The ground floor interior bar will operate Sunday to Wednesday from 7AM to 12AM and Thursday to Saturday from 7AM to 1AM.*
 5. *The exterior terrace attached to the ground floor restaurant will operate from 7AM to 11PM 7 days a week. No patrons will remain after the indicated closing times with the service of alcohol commencing no earlier than 10AM in any of the above areas.*
 6. *The other exterior lower terraces (known as the Tree House) will close by 12 AM Sunday through Wednesday and by 1 AM Thursday through Saturday.*
 7. *There will be no outdoor music of any kind.*
 8. *There will be no DJs or live music and music volumes within the interior Hotel will be at background levels only.*
 9. *All doors will remain closed at all times when not in active use.*
 10. *There will be no use of the entrance doors to Hotel as agreed to in MOU.*

THEREFORE, BE IT RESOLVED that CB2, Man. recommends denial for The James Hotel Leaseco LLC, Highgate Hotels LP and 530 Lounge, LLC 23-27 Grand Street 10013 on its application seeking an alteration and change in method of operation for its existing Hotel OP license.

THEREFORE, BE IT FURTHER RESOLVED that should this application be considered by the SLA, CB2, Man. respectfully requests that this item be Calendared to appear before the Full Board of the SLA.

v. **Whereas**, despite the agreement on advertising signage, the Applicant plans to have dancing in the Interior Cellar Private Event Space even though there is no permit to do so, the certificate of occupancy not permitting dancing at the location, the Community Board raising this issue with the Applicant and his counsel, the Community Board thereafter following up with counsel to obtain an answer as to whether they will agree to get the proper permits in place before allowing dancing in the hotel, the Applicant and Attorney not providing a response in good faith;

THEREFORE BE IT RESOLVED, while CB2, Man. has no objection to amending the MOU dated June 21, 2010 to Permit Advertising Signage, CB2, Man. recommends denial of the instant application unless the Applicant provides the necessary permits to operate with dancing in its hotel.

Vote: Unanimous, with 43 Board members in favor.

2. 113 Mulberry Restaurant, LLC d/b/a Manero's Pizza, 113 Mulberry St. 10013 (Alteration to OP – Restaurant)

i. Whereas, the Applicant appeared before CB2, Manhattan's SLA Committee to present an application to the NYS Liquor Authority for an alteration to an On-Premises Liquor License to add the rear courtyard area to their current On-Premises license (Lic # 1330790) for a family-style restaurant focusing on Napoli-style pizza located in a C6-2G-5 zoned six-story, 1920 mixed-use building on Mulberry Street between Canal and Hester Streets (Block #206 / Lot #23) in the Little Italy Historic District; and

ii. Whereas, the Applicant came before CB2, Man. SLA Committee in April 2020 for an On-Premises license at these premises that included the courtyard space towards the rear of the building and adjourned the matter and presentation in an attempt to obtain the proper permits for the exterior courtyard space but was not able to do so, and upon reappearing in June 2020 fully acknowledged an inability to obtain the proper permits from the NYC DOB to operate in the courtyard space and rear portions of the building; the application, diagram and floor plans presented in June 2020 for the licensed premises did not include that courtyard or any other exterior space for the service of alcohol other than a small sidewalk café at the front of the licensed premises, the rear sections of the premises being designated in the floor plans for storage purposes only, a letter of no objection being presented from January 5, 2001 for the interior premises only; and

iii. Whereas, at the June 2020 full board meeting of CB2 Man. the Applicant was approved for an On-Premises license for the ground-floor premises of approximately 1,600 sq. ft.; with five (5) tables with 14 seats, and one (1) bar with 8 seats, for a total of 22 interior seats; and there will be a sidewalk café with 4 tables and 8 chairs; there will be two (2) entrances, two (2) exits, and two (2) bathrooms; and

iv. Whereas, the instant application is again seeking to add the rear courtyard to the licensed premises in addition to removing a storage room and adding additional interior seating; the applicant presenting revised diagrams and floor plans which includes the rear courtyard but has still not obtained the proper permits from the NYC DOB to operate in the courtyard space and rear portions of the building; the Applicant being asked to return when they have obtained the proper permits and have also done outreach to the surrounding residents who will be impacted by use of the rear courtyard; and

THEREFORE, BE IT RESOLVED that CB2, Man. recommends **denial** of the alteration application for **113 Mulberry Restaurant LLC, d/b/a Manero's Pizza, 113 Mulberry St. 10013** until such time as the Applicant obtains the proper permits for the rear courtyard and returns to CB2 Manhattan to present the application.

Vote: Unanimous, with 43 Board members in favor.

3. Bea's Tavern, Inc. d/b/a Botanica Bar, 47 E. Houston St. 10012
(Alteration to OP-Bar/Tavern subject to Covid-Related Executive Orders)

i. Whereas, the Applicant and the Applicant's Attorney appeared before CB2, Manhattan's SLA Committee #1 to present an alteration application to the NYS Liquor Authority to add a vacant lot adjacent to the Applicant's current Bar/Tavern operating with an On-Premises license located in the basement of a C6-3 zoned, five (5)-story, mixed-use building on Houston Street between Mulberry and Mott Streets (Block #50 / Lot #21); and

ii. Whereas, the Applicant seeks to operate in the vacant lot located at 49 E. Houston Street which is not contiguous with the existing bar and is a separate and distinct address from the building in which the bar is located; and

iii. Whereas, the Applicant also plans to have a separate and distinct entrance to the vacant lot from the public sidewalk, the vacant lot not being immediately adjacent to the entrance of the bar, there being a residential entrance to 47 E. Houston Street between the vacant lot and entrance to the licensed bar, the existing bar's interior space being roughly 1,800 sq. ft. in size, with operating hours from 4:00 PM to 4:00 AM every day/night of the week; and

iv. Whereas, the instant application is to add a large, non-contiguous and unmeasured vacant lot to the licensed premises where there are proposed to be 14 tables with 44 seats and a portable bathroom; the proposed hours of operation for the outdoor vacant lot being Fridays through Sundays 12:00 PM to 11:00 PM and Mondays through Wednesdays 4:00 PM to 11:00 PM; and

v. Whereas, the Applicant indicates there is a door in the rear of 47 E. Houston which will be used to serve those drinking in the vacant lot, but has provided no photos to demonstrate how this would be done or that it can be done, there being questions raised about proper access to the adjacent vacant lot with insufficient information being provided to decide if it can even be done, the Applicant not making any attempt to obtain the necessary permits from the NYC DOB to demonstrate how this could ever be done on any coherent legal basis; and

vi. Whereas, there is currently wood-covered fencing separating the vacant lot from the sidewalk; the diagram of the instant application indicating a gate being added to that fencing with an interior hostess stand for patron entry to the proposed outdoor seating area; patron seating for the interior bar/lounge and pandemic-related, temporary roadbed seating is managed by a different hostess located at the 47 E. Houston location; the Applicant stating that patrons would not use the interior rear doorway to travel between the two spaces aside from possible use of the interior bathroom by patrons in the proposed outdoor area; and

vii. Whereas, under the Executive Orders of the Covid-19 pandemic, the bar has been operating with a hostess stand and display bar on the sidewalk to take orders for both their temporary, pandemic-related roadbed seating and to-go orders; the Committee received letters complaining of sidewalk congestion, a party atmosphere and late night operations; there are residential windows to the back of the vacant lot with concerns that this large outdoor area will be disruptive to adjacent residents; the front of the premises being non-contiguous and the vacant lot outdoor space being operated with a separate hostess stand and therefore operating separately from the currently licensed premises, aside from the sharing of preparation of food and beverage; and

viii. Whereas, additional concerns were raised at to the lack of outreach and notice provided to residents living in the rear and sides of the vacant lot, no photos were provided to alleviate those concerns, the buildings on both sides of the vacant lot being made of brick where noise, music and sound will reverberate, the application for the non-contiguous vacant lot not meeting the 500-foot rule requiring that all new licenses meet the public interest standard; and

THEREFORE, BE IT RESOLVED that CB2, Man. recommends **denial** of the alteration application for **Bea's Tavern, Inc. d/b/a Botanica Bar 10012** as presented, and

THEREFORE BE IT FURTHER RESOLVED that should this application be considered by the NYSLA, CB2, Man. respectfully requests that this item be calendared to appear before the Full Board of the SLA.

Vote: Unanimous, with 43 Board members in favor.

i. Whereas, the Applicant and the Applicant’s Attorney appeared before CB2, Manhattan’s SLA Licensing #1 Committee to present an application to the NYS Liquor Authority for a new Restaurant Wine Liquor License; the Applicant will operate a full-service, fine dining, Japanese restaurant in the entirety of a M1-5B zoned, two (2)-story commercial building constructed in 2013 on Prince Street between Mulberry and Lafayette Streets (Block #510/Lot#25); and

iii. Whereas, there are two other outposts of the Momoya restaurant brand, a family-owned business, in Manhattan; neither of the principals of the instant application hold the license at those locations but both have experience in those locations as either the chef or manager; and

iv. Whereas, the stand-alone building has floor to ceiling operable windows and/or doors on both levels of the entire Mulberry Street façade and is located directly across the street from the St. Patrick’s Old Cathedral, the St. Michael’s Chapel and the Old Saint Patrick’s Rectory and the surrounding residential buildings are predominantly 100-year-old tenement and loft style buildings whose residents experienced a significant negative impact on their quality of life during the tenure of the previous licensed occupant, Miss Paradis; in recognition of this, the current Applicant agreeing to keep all doors and windows closed at **ALL** times aside from patron ingress and egress; and

v. vi. Whereas, there is no licensed sidewalk café with this application and no service of alcohol to any other exterior areas in connection with the license aside from the possibility of pandemic-related roadbed seating along Mulberry Streets, there being concerns raised by residents that, if replicated in this location, the solid construction of many of the temporary roadbed structures seen elsewhere in the neighborhood will have a negative impact on the church across the street which is a national historic monument; the Applicant agreeing that, if participating in the temporary, pandemic-related roadbed dining program, only umbrellas or the like would be used as overhead cover for patrons with no “enclosed” structures being built; and

v. Whereas, the Applicant has executed and has had notarized a Stipulations Agreement with CB2, Man. which will be incorporated into the “Method of Operation” of the Restaurant Wine License, with those stipulations as follows:

14. Applicant or successors will appear before CB2, Manhattan prior to submitting any changes to any stipulation agreed to herein.
15. Will not change any principals prior to submission of original application to SLA.
16. Will not have any of the following: dancing, DJs, live music, promoted events, any event for which a cover fee is charged, scheduled performances, velvet ropes or barricades or security personnel / doormen.
17. Any pandemic-related, temporary sidewalk or roadbed seating ends by 11:00 PM (all patrons will be cleared by this hour and area closed); will not consist of fully built structures (i.e., overhead covering will be from umbrellas only); no speakers or music played outdoors and no interior speakers positioned to face outside.
18. All pandemic-related, temporary sidewalk and/or roadbed seating will be removed once the program authorizing it expires.
19. Will appear before CB2, Manhattan prior to submitting plans for permanent sidewalk or roadbed dining.

THEREFORE BE IT RESOLVED that CB2, Man. recommends **denial** of the application for a new Restaurant Wine Liquor License in the name of **KwangHo Lee d/b/a Momoya SoHo, 47 Prince Street 10012** **unless** the statements presented by the Applicant are accurate and complete and that the conditions and stipulations agreed to by the Applicant remain incorporated into the “Method of Operation” of the SLA On-Premises License.

7. Easy Victor, LLC d/b/a Bumble Brew, 98 Kenmare Street 10012 (OP-Restaurant) (Sidewalk Café)

Whereas**, the Applicant and the Applicant’s Attorney appeared before CB2, Manhattan’s SLA Licensing #1 Committee to present an application to the NYS Liquor Authority for a new On-Premises Liquor License to operate an all-day café serving small bites for breakfast, lunch and dinner and will serve as a place for the participants of the online dating service Bumble to meet within a six (6)-story mixed-use tenement apartment building (circa 1900) with 30 residential apartments located above the premises on Kenmare St. (Block #481/Lot #32) in the Nolita neighborhood; and
- ii. Whereas**, the interior of the two-story premises is 5,000 sq. ft., with 2,400 sq. ft. on the ground floor, and 2,600 sq. ft. on the lower level; and also has an outside sidewalk café; the premises has one (1) entrance/exit, five (5) bathrooms (four in the lower level, one on the ground floor); the ground floor having 19 tables with 76 seats, one (1) bar with ten seats and one (1) counter with four (4) seats and the lower level having three (3) tables each with eight (8) seats, one (1) table with three (3) seats one (1) bar with 11 seats and one (1) table in a green room with three seats for a total seated capacity of 134; and
- iii. Whereas**, applicant stipulates a maximum occupancy of 124 (although the floor plans indicate actual occupancy including employees of 150), and has indicated that they will/have applied for a Public Assembly permit; and
- iv. Whereas**, there will be no TVs, and the hours of operation will be from 7:30 AM to 11:30 PM on Sundays and 7:30 AM to 12:00 AM Mondays through Saturdays; music will be quiet, background music from iPod/CDs, there will be soundproofing via an acoustic ceiling; there will be no DJs or live music, there will be private parties but no scheduled performances or events with a cover charge; and
- v. Whereas**, one of the primary principals of the instant application is also the principle of another restaurant within CB2, Man., Elmer Kennedy, LLC d/b/a Pasquale Jones, at 86 Kenmare St., located in the same building as this application at 96 Kenmare St. where they have been the target of frequent community complaints for their failure to uphold stipulations made to the community board including operating hours, window closing hours, and keeping music inaudible in the surrounding residential apartments; and
- vi. Whereas**, the Applicant, who is partnering with Bumble for the instant application to offer a physical location to extend their brand (Bumble being a public company that “empowers users to connect with confidence whether dating, networking, or meeting friends online” through their internet app) appeared before CB2, Man. in December 2019 for essentially the same application, at which time members of the local neighborhood including the 86 Kenmare St. Tenant’s Association President and other tenants of the building appeared all in opposition to this application, citing continuous violations with the operator’s previously agreed upon stipulations at the next door location as to closing times, music levels, the failure to close the sidewalk café or the operable windows by the agreed upon times, while also

presenting a petition in opposition with signatures from 22 of the 30 residential apartments from the building, there being a significant amount of distrust against the current operator; at the December 2019 CB2, Manhattan Full Board meeting the application was unanimously denied; and

vi. Whereas, the instant Application has reduced the seating from the prior application and is now describing the lower level as a private dining room where it was previously going to be used as a lounge, although the floor plans provided still describe it as a lounge with three large tables, a bar and a green room; and

vii. Whereas, members of the local neighborhood, including the 86 Kenmare St. Tenant's Association President, again appeared to speak against this application with no one speaking in favor of it; they cited ongoing issues with noise, music and congregating on the sidewalks occurring over the past year during the Covid-19 pandemic; and

xv. Whereas, the community board is concerned with the lack of adherence by the Applicant to the current methods of operations at Pasquale Jones, and their lack of earnestly being good neighbors in resolving the noise and other negative quality of life issues with residents at 86 Kenmare Street; and

ix. Whereas, the board recognizes the impact that an establishment operated by a high-profile Applicant partnering with a well-recognized brand being operated in the ground floor of a residential tenement building will have on tenants already suffering from the ongoing, well-documented and quite serious negative impacts of the neighboring eating and drinking establishment run by the Applicant; and

x. Whereas, the board is also concerned how the applicant will operate the premises at 96 Kenmare Street when they will *de-facto* have taken over the entire building's ground floor space when operating both Bumble Brew and Pasquale Jones simultaneously;

THEREFORE, BE IT RESOLVED that CB2, Man. recommends **denial** for **Easy Victor, LLC, d/b/a Bumble Brew, 98 Kenmare Street. 10012** of its application seeking a new On-Premises liquor license; and

THEREFORE, BE IT FURTHER RESOLVED that should this application be considered by the SLA, CB2, Man. respectfully requests that this item be calendared to appear before the Full Board of the SLA; and

THEREFORE, BE IT FURTHER RESOLVED that if this application is considered by the SLA, despite CB2, Manhattan's recommendation to deny this application, CB2, Man. requests that the SLA conduct a 500-foot hearing because the premises has never been licensed for the service of alcohol at any point in the past.

TRAFFIC AND TRANSPORTATION

1. Resolution in support of Senate Bill S1398 to establish a pilot program to protect bicyclists riding in bike lanes from encroachment by motorists, with additional recommendations.

Whereas each year thousands of cyclists are forced out of bicycle lanes by cars and trucks that park, stand or stop in the bike lanes, blocking the cyclists' way and forcing them out of the lanes into the middle of traffic. This puts cyclists in great danger of being hit and injured by motor vehicles, and in many cases has resulted in fatalities; and

Whereas NY State Senate Bill S1398 would authorize the City of NY to establish a pilot bike lane safety program to enforce restrictions on motorists entering bicycle lanes and protect cyclists from these reckless incursions; and

Whereas this program would hold encroaching motorists accountable for these hazardous and unlawful actions (and help deter their encroachment) through a schedule of fines capped at \$50 per violation and automated camera enforcement; and

Whereas the pilot program would run for five years and be conducted by the NYC Department of Transportation (DOT) at 50 different locations around the city of DOT's choosing (using one camera at each location). DOT would be required to submit a report to the NY State Governor, Senate, and Assembly on the program's efficacy in 2022 and every two years thereafter; and

Whereas the revenues collected by the program will go to the NYC Transportation Assistance Fund; and

Whereas the bill includes strong provisions to protect the privacy of those whose identity might be captured on camera, e.g., by using technology that obscures images and prohibitions on dissemination of information. The photo devices would be limited to the bike lane only; and

Whereas many people in our community are opposed to installing continuously recording surveillance cameras in our district; and

Whereas the pilot would be conducted in protected bike lanes only, although unprotected, painted bike lanes are just as or even more vulnerable to encroachment by motorists and harm to cyclists; and
Whereas it would be difficult to learn how the program would work in the many diverse areas throughout the city; with the pilot being limited to only 50 locations;

THEREFORE BE IT RESOLVED that CB2, Man. supports NY State Senate Bill S1398 and welcomes its objective to safeguard cyclists from encroachment by motor vehicles on bike paths; and

BE IT FURTHER RESOLVED that CB2, Man. favors adding provisions that expand the program to include cameras on painted, unprotected bike lanes, e.g., in CB2 on 9th, 10th and Christopher Sts.; and

BE IT FURTHER RESOLVED that CB2, Man. would like to see more cameras, at least 100, spread across key locations throughout the city; and

BE IT FURTHER RESOLVED that CB2, Man. requests that the cameras that record the violation take a snapshot of only enough frames to prove a violation, and be recorded without sound, much the way red light cameras and speed cameras work and capturing the area within the bike lane only and no superfluous space beyond; and

BE IT FINALLY RESOLVED that CB2, Man. asks that provision be made to have DOT consult with community boards (CB2 included) to decide upon camera locations.

2. Resolution in support of removing the street co-name "Margaret Sanger Square" from the corner of Mott and Bleecker Sts.

Whereas Merle McGee, Chief Equity & Engagement Officer of Planned Parenthood of Greater New York (PPGNY) presented PPGNY's request to remove the street co-name "Margaret Sanger Square" (originally co-named for the organization's founder, Margaret Sanger) and its sign from the southeast corner of Mott and Bleecker Sts.; and

Whereas Chief Equity & Engagement Officer McGee was joined by several other Planned Parenthood representatives in support of the request; and

Whereas it was explained that although Margaret Sanger was "a champion of birth control, which expanded bodily autonomy for many (including women of color)," she "also embraced" ableist elements of eugenic thinking. This, it was stated, "harmed communities of color, the working class, and people with disabilities, because," in the words of sociologist Dorothy E. Roberts, it promoted the idea "that social

problems are caused by reproduction of the socially disadvantaged and that their childbearing should therefore be deterred. In a society marked by racial hierarchy, these principles inevitably produced policies designed to reduce Black women's fertility"; and

Whereas it was asserted that Margaret Sanger's actions "continue to be weaponized by anti-abortion extremists and opponents" seen outside the doors of PPGNY's Manhattan Health Center in the Community Board 2 Manhattan (CB2) community who "use this harmful legacy to justify blocking and disrupting healthcare access" to the Center; and

Whereas the desire of PPGNY to remove Margaret Sanger's name from the Mott/Bleecker corner, it was explained, is part of the organization's effort to reckon with their history and work to address historical inequities and become a more inclusive, anti-racist, multicultural organization; and

Whereas a petition in support of removing the Margaret Sanger street co-name and sign at Mott and Bleecker was submitted with some 250 signatures, almost all from people who live and work in the vicinity, many with written comments of approval, along with a street co-naming (in this case, un-naming) request application, information on Margaret Sanger, and the rationale for the street un-naming, fulfilling all the requirements of CB2's Street Co-Naming (Un-Naming in this case) Guidelines; and

Whereas CB2's current Street Co-Naming Guidelines require any person proposed for a co-naming to "have contributed in some extraordinary way to the welfare of the block and/or the community with a consistent voluntary commitment and dedication to improving community conditions.... and who have contributed to the CB2 community alone....," and Margaret Sanger, being a national and international figure, would not meet the current co-naming requirements;

Therefore be it resolved that CB2, Man. has no objection to removing the street co-name "Margaret Sanger Square" and its sign from the southeast corner of Mott and Bleecker Sts.
