**Resolution in Support of Naming an NYU Theater at 181 Mercer  
in Honor of The African Grove Theatre**

1. **Whereas**, in 1821, at the intersection of Mercer and Bleecker streets, a retired West Indian steward named William Brown founded the African Grove Theatre, the first known Black theater in the United States; and

2. **Whereas**, the African Grove began in 1818 in the backyard of the William Brown's house on Thomas Street as a Black-owned "pleasure garden" or "pleasure ground" at a time when public open space was scarce, and pleasure gardens were reserved for white people only<sup>1 2 3</sup>; and
3. **Whereas**, the African Grove Theatre opened six years before the abolition of slavery in New York State, and almost forty years before the start of the Civil War; and
4. **Whereas**, the 300 seat theater was built of wood and its auditorium consisted of a pit below stage level, tiered house seating not partitioned into boxes so as to enhance the flow of air, and a gallery whose ceiling was too low to permit hats and bonnets to be worn by spectators; and
5. **Whereas**, the first performance staged by the African Company, possibly the first professional African American theater production ever, was a Shakespeare play; "*After several nightly caucuses, they resolved to set up a play, and the upper apartments of the neglected African Grove were pitched upon for the purpose. Richard the Third, after mature deliberation, was agreed on...*"<sup>4</sup>; and
6. **Whereas**, the most popular plays were *Richard III* and *Othello*. James Hewlett was the first black man of record to play the leading role in *Othello*; and
7. **Whereas**, the performances of the African Grove Theatre company were a hit and were so popular that William Brown moved out of the little room on Thomas Street, where they'd been performing, and 11 blocks north<sup>5</sup>, and rented out the bar next door to an established theater, the Park at the intersection of Mercer and Bleecker streets<sup>6</sup>; and
8. **Whereas**, the owner of the Park was not happy about the competition and, because he was well connected, when he called the police to complain about the noise next door causing all the actors to be hauled off to prison and put in prison overnight<sup>7</sup>; and
9. **Whereas**, the African Grove Theatre actors were released from jail on one condition, they had to promise never to perform Shakespeare again<sup>8</sup>; and
10. **Whereas**, in addition to Shakespeare, the African Company performed original plays and skits that dealt with slavery and the plight of Native Americans, which included William A. Brown's now-lost play, *The Drama of King Shotaway* about a 1795 Caribbean revolt against British Navy forces on the island of Saint Vincent. Also produced by the African Company in 1823, *Drama* is believed to have been the first full-length play by a black American performed in the United States, and a ballet which featured Native Americans as dignified characters; and
11. **Whereas**, in 1823, The African Grove Theatre was ransacked by a white mob which, aided by police, was responsible for the theater's closure; and
12. **Whereas**, *Transformation!* An exhibition that looks at 100 years of African American theatre was shown at NYU Gallatin and included images and artifacts of the African Grove Theatre, its actors and productions<sup>9</sup>;

**NEW APPLICATION FOR REVOCABLE CONSENT TO CONSTRUCT, MAINTAIN AND USE AN OVERHEAD BUILDING PROJECTION (TRIANGLE FIRE MEMORIAL) ON 23-29 WASHINGTON PLACE (FOR NYU)**

Whereas the deadly fire at The Triangle Shirtwaist Factory killed 146 victims on March 25, 1911 in the Asch Building (now The Brown Building), and

Whereas Remember the Triangle Fire Coalition, a 501c3 nonprofit organization, is erecting a permanent public memorial on the façade of the building where the fire took place, and

Whereas CB2 approved the project in December 2018, the Landmark Preservation Commission (LPC) approved the project in March 2019, and the Department of Buildings (DOB) approved the project in August 2019, and

Whereas the project needs the Department of Transportation (DOT) to give revocable consent because the memorial overhangs the public sidewalk by 18 inches and needs to undergo a series of hearings before the memorial can be fully installed.

**THEREFORE BE IT RESOLVED** that Community Board 2, Manhattan recommends **approval** for revocable consent to construct, maintain and use an overhead building projection on 23-29 Washington Place, provided that the application conforms with all applicable laws, rules, and regulations, and/or restrictions, and clearance requirements.

Vote: Unanimous, with 39 Board Members in favor.

#### **BACKGROUND ON HOUSING WORKS<sup>11</sup>**

6. Housing Works (HW) is a non-profit organization founded in 1990 to address homeless among people living with HIV, with the distinction of being the first organization in the United States to house homeless people without regard to their use of drugs in a supportive housing environment,

---

<sup>10</sup> <https://youtu.be/j5UD0-LTASM>

<sup>11</sup> <https://www.housingworks.org>

and currently serving over 15,000 low-income New Yorkers including 2,000 people with HIV; and

7. HW's current services include a Federally Qualified Health Center (FWHC) operating five clinics in Brooklyn and Manhattan, as well as over 700 units of supportive housing operated under harm reduction principles that do not prohibit possession of drugs or alcohol, and supportive services which include case management, substance abuse treatment, mental health care, and job retraining; and
8. HW's clientele largely consists of groups which have historically been the subject of marginalization or discrimination, with a client base that is 51% black and 21% Hispanic, nearly 100% at or below the poverty line, 33% which have a history of incarceration, 33% which identify as LGBTQ, 51% which have diagnosed mental health issues, and 26% of which are active substance abusers; and

#### DESCRIPTION OF THE PROJECT AND SITE

9. 231 Grand Street is located on the corner of Bowery and Grand, within both the Chinatown Business Improvement District (BID) and the broader Chinatown neighborhood, and currently consists of an 8-story building which is zoned C6-1G and has an estimated gross floor area of 48,911 sf.<sup>12</sup>; and
10. The building at 231 Grand was formerly the Best Western Hanbee Hotel, which was recently used for non-congregate housing for the homeless during the COVID-19 pandemic from Spring 2020 to Summer 2021, and is currently vacant; and
11. Current activity on the block surrounding 231 Grand consists of a number of senior street vendors selling food, a day care across the street, and businesses including a pharmacy, bank and bakery; and
12. Pending approval of the budget and contract by NYC, HW has stated an intention to open this facility by late Spring, 2022, the building having been recently renovated and in good condition; and
13. As noted on the agenda of the March 10, 2022, Public Hearing of the Mayor's Office of Contracts, "The contract term shall be from March 1, 2022 to June 30, 2027 with one three-year renewal option from July 1, 2027 to June 30, 2030. The contract amount will be \$63,762,100. CB2, Manhattan. E-PIN #07122P0011001"; and
14. HW intends the site to consist of **a 1) Drop-in Center** and **2) Stabilization Beds** for unsheltered homeless adult men and women, consisting of over 50 "drop-in" chairs and 94 stabilization beds, and an outdoor deck for smoking; and
15. The model is considered the first of its kind and will be evaluated by DSS/DHS for outcomes; and
16. As with all new shelters in New York City, a "Fair Share" analysis is required to be completed prior to opening the shelter which is required to examine conditions by 400-ft, 1000-ft, and 1/2 - mile radius as well as by Community District.; and

---

<sup>12</sup> <http://maps.nyc.gov/doitt/nycitymap/>

17. Although the site is located within Community District 2, which currently has no homeless shelters, the neighborhood of Chinatown currently hosts shelters in Community Districts 1 and 3, with an additional shelter in development in Community District 3; and

#### OVERVIEW OF THE DROP-IN CENTER

18. The Drop-In Center is intended to be a 24/7/365 walk-in facility providing meals, shower, changing rooms, and laundry to homeless adult men and women, with 50-or-so lounge chairs available but no beds; and
19. The Drop-In Center will offer a host of services aimed at long-term wellness, with staff including a housing placement specialist, social workers, medical and psychiatric nurse practitioners, and access to telehealth, and with on-site staff which speak English, Mandarin, Cantonese and Spanish; and
20. The facility will follow a “harm-reduction” model, which means that visitors will not undergo checks for illegal substances, with such design intended as a “low-threshold” program in order to reduce barriers to entry and to entice individuals toward receiving social services; and
21. HW will hire peer outreach workers, including from Chinatown, to conduct street outreach in the area and raise awareness among the homeless population regarding the existence of the Drop-In Center; and

#### OVERVIEW OF THE STABILIZATION BEDS

22. The proposed site will also consist of 94 “stabilization” beds, designed for use by adult men and women who have been living without shelter and have refused the traditional shelter that New York City provides, by law, to anyone who requests it; and
23. Candidates will be referred to the stabilization beds from outreach teams from both the Manhattan Outreach Consortium<sup>13</sup> as well as from HW’s owned trained peer outreach workers, and will focus on working in a catchment area that will include Sara D. Roosevelt Park to the east and Washington Square Park to the west but that will seek to cover all nearby areas of need; and
24. Housing Works will be expected, by contract with DSS/DHS, to transition these clients to permanent housing within a period of twelve months; and
25. Similar to the Drop-In Center, the model for use of the stabilization beds is intended to be flexible and “low-threshold,” with the baseline criteria for eligibility to a stabilization bed being evidence of living on the street; and
26. Given the site’s proximity to facilities serving children, sex offenders with residential restrictions would not be permitted to reside at 231 Grand Street<sup>14</sup>; and

---

<sup>13</sup> <https://goddard.org/programs/fighting-homelessness/homelessoutreach/>

## THE NEED FOR SHELTERS IN NEW YORK CITY

27. The need for additional homeless shelters in New York City is well-established, with the City currently operating an “Open RFP” program for the establishment of new shelters; and
28. As a right-to-shelter city, NYC’s DSS/DHS is required by law to provide shelter to any individual who seeks it; and
29. The current population in the city’s shelter system is approximately 48,413, including 15,057 children,<sup>15</sup> and a vacancy rate in 2018 of 1.5% vs. a goal of 3%<sup>16</sup>; and
30. Approximately 2,376 additional individuals were living on the city’s streets on January 26, 2021<sup>17</sup>; and

## CONDITIONS AND CHALLENGES IN CHINATOWN DURING AND FOLLOWING THE COVID-19 PANDEMIC

31. The proposed 231 Grand Street Shelter would be located within both the Chinatown BID and the greater Chinatown community, which has experienced a unique and varied set of challenges in the years following the COVID-19 pandemic; and
32. Such challenges include a significant increase in crime targeting Asian-Americans, with a 361% increase in anti-Asian hate crimes recorded in 2021 in New York City according to the NYPD<sup>18</sup>, and the group Stop AAPI Hate recording over 1,700 hate incidents towards Asian-Americans in the state of New York from March 2020 through December 2021<sup>19</sup>; and
33. The overall increase in crime has included a number of specific horrific and tragic crimes which have recently been committed against Asian-Americans, including the murder of Christina Yuna Lee in her Chinatown apartment on Chrystie Street in February 2022; and
34. These incidents have led to an increased environment of fear amongst residents of Chinatown, with a recent survey indicating that 75% of Asian seniors in New York City are afraid to leave home due to the rise in attacks on Asian-Americans<sup>20</sup> and hundreds of residents lining up on the street in Chinatown for pepper-spray giveaways<sup>21</sup>; and

---

<https://www.nysenate.gov/legislation/laws/EXC/A12-B> . The sex offender registry can be accessed at <https://www.criminaljustice.ny.gov/nsor/>

<sup>21</sup> <https://www.cbsnews.com/newyork/news/chinatown-free-pepper-spray/>

35. This increase in crime and fears for safety has been accompanied by economic hardship as well, with an increase of 6,000% in Asian-Americans in New York state filing for unemployment at the beginning of the pandemic, more than three times the rate of the general population<sup>22</sup>; and
36. This economic hardship has further led to fears around survival of the Chinatown culture community, highlighted by the closure of iconic establishments such as Jing Fong in 2021, one of 17 restaurants in Chinatown that had already closed permanently by March 2021 as a result of the pandemic<sup>23</sup>; and
37. Augmenting such challenges and hardships faced by Chinatown in the last two years, there is a sense that the concerns of the community have not been adequately addressed by elected officials given that Chinatown straddles multiple Community Districts as well as multiple existing and proposed NY Congressional Districts<sup>24</sup>; and

## OUTPOURING OF OPPOSITION

38. Amid this current environment within Chinatown, the community has expressed unprecedented and sustained opposition to the proposed 231 Grand Street shelter, which is seen by many in the community as an unfair burden to be placed on the Chinatown neighborhood at this time given both the economic and safety-related issues currently facing the community, with this opposition being expressed to CB2 on multiple occasions as outlined below; and
39. CB2's Human Services Committee videoconference on February 24, 2022, was attended by over 200 people, with comments heard from over 20 attendees plus scores of comments in the Chat section of the Zoom meeting; and
40. CB2's Full Board videoconference on March 24, 2022, was attended by over 400 people, with comments heard from 65 people, including elementary school students, residents, small business owners, local church leaders in CB2, community constituents and visitors to the Chinatown neighborhood during a four-hour public session, with all comments except two being in opposition to the plan; and
41. The office of CB2 received over 3,600 postcards collected from Susan Lee, a Tribeca resident representing New Yorkers for Downtown Recovery, which were signed by "residents, merchants, patrons and visitors of Chinatown" expressing "outrage" at the proposed shelter; and
42. CB2 additionally received approximately thirty emails in opposition, as well as two emails in support; and
43. The public comments heard and received by CB2 centered on a number of key issues and areas, as further outlined below; and

44. There were personal accounts given by those in attendance that the Chinatown community is saturated with conditions that degrade quality of life, with the public speaking of a “steady deterioration of quality of life” and asking for balance when placing shelters throughout the city; and
45. Other concerns centered around the rise in anti-Asian hate crimes and the accompanying heightened fear and anxiety in the neighborhood, as noted in points 32-34 of this resolution, with business owners speaking of closing their businesses early to prevent employees’ having to walk or commute home after sunset, and many commenters expressing their belief in a connection between crime and homelessness and describing encounters with homeless individuals; and
46. Others expressed concerns that a new shelter would add to an already existing issue with drug use and drug dealing, particularly in nearby Sara D. Roosevelt Park; and
47. Others noted concerns around mental illness among the homeless and were worried about increased encounters with mentally ill individuals on the street; and
48. Commenters further noted that they felt that the above Quality-of-Life concerns had been borne out during the time that 231 Grand served as a temporary shelter during the COVID-19 pandemic with instances of harassment and encounters with mentally ill individuals occurring near the shelter during this time; and
49. Others noted concerns that the proposed shelter would contribute to the already difficult economic conditions in Chinatown; and
50. Other commenters specifically pointed to the proposed plans by the City to demolish a pre-existing jail to construct a new borough-based jail in Chinatown, and believed that such a jail would be an undue burden to the community in addition to the proposed shelter; and
51. Many commenters noted that there were already multiple existing shelters in Chinatown, as well as others currently in development, and that although the proposed 231 Grand shelter would be the first shelter open in CB2, there are already “6 shelters in the Chinatown area” and several others proposed; and
52. Many noted the division of Chinatown amongst three community districts (as noted in point 37 of this resolution) and felt the City had applied a “divide and conquer” strategy in order to site new shelters in the Chinatown area, with this feeling of neglect from the City amplified by language barriers that exists with many Chinatown residents; and
53. An overall general concern noted was that the homeless to be housed in the proposed shelter would not be “from the neighborhood” and that the shelter would “bring more homeless into the area” from outside the neighborhood; and
54. The range of concerns culminated with a repeated call for CB2 and elected officials to listen to and respond to the concerns of the community by preventing the proposed shelter from opening at this location; and

## ADDITIONAL SPECIFIC CONCERNS RAISED BY CB2 MEMBERS

55. In addition to the concerns and issues raised by community members, CB2 members also raised specific concerns relating to the process for siting and evaluating the proposed 231 Grand Shelter, with such concerns being outlined further below; and
56. Comments were made by CB2 members regarding the opacity of the process for developing the Fair Share Analysis, which is not shared with the general public and does not define precisely what a “fair” or “unfair” share is, and the question was raised as to why a “stripped down” version of the Fair Share report could not be provided to the public, especially given the many comments from Chinatown community members stating that the neighborhood was already shouldering its “fair share”; and
57. Further concerns were raised that the Fair Share Analysis does not take into account shelters which are in development but not complete, nor does it take into account facilities in development such as the proposed jail which might impact quality of life, both of which possibly provide a distorted view of the “fair share” given to Chinatown by the City and relevant agencies; and
58. Other concerns were raised over the lack of specific metrics to evaluate the success of the proposed shelter structure (Drop-in Center with Stabilization Beds), given that the facility is the first of its kind, and whether such metrics would include community impact measures such as crime and drug use; and
59. Further concerns were raised that DSS/DHS had not defined when the pilot program would be evaluated by them and what specifically would constitute program success, and whether the facility would be shut or redesigned if unsuccessful; and
60. Concerns were raised over whether the City would definitively close existing hotels currently being used as homeless shelters in Chinatown, which are slated to be closed in 2023; and
61. Many CB2 members expressed recognition of the need to continue building new homeless shelters in NYC but believed that the concerns of the Chinatown community were valid and that CB2 should lend its voice in order to amplify the voices of Chinatown, which have seemingly been unheard by the City and relevant agencies.

**THEREFORE BE IT RESOLVED** that Community Board 2, Manhattan (CB2) recognizes both the legal obligation of New York City and the urgent need to provide shelter and services to the unhoused, as well as recognizes the positive work historically performed by Housing Works, but believes that in certain cases, **serious concerns** around equity and safety must be addressed before deciding to move forward with a specific site; and

**BE IT FURTHER RESOLVED** that in the case of the proposed shelter at 231 Grand Street, CB2 has **serious concerns** around the impact of COVID-19 and other factors in recent years on the Chinatown community, as well as a seeming lack of sufficient engagement between City officials and the Chinatown community; and

**BE IT FURTHER RESOLVED** that given these **serious concerns**, Community Board 2, Manhattan, **demands** the following actions be undertaken prior to the consideration of any other shelters within the Chinatown community, including the proposed shelter at 231 Grand Street; and

## FAIR SHARE ANALYSIS

1. Analysis of facilities in development and extinction, in addition to shelters and other facilities currently in operation; and
2. Analysis of the impact of different types of facilities beyond shelters which are likely to have an impact on quality of life in Chinatown, such the new planned “mega jail” on White Street; and
3. A definition of “fair” concentration vs. over-saturation.

## PROGRAM EVALUATION

4. NYC Department of Social Services and Homeless Services (DSS/DHS) must provide **written commitment** to the date when the shelter at 231 Grand Street, presented to CB2 as a pilot program, as well as any other proposed shelter, will undergo **program evaluation**; and
5. DSS/DHS must provide **written commitment** to the metrics that will be measured, and **include among those** impacts to the community, including crime, noise, trash, visible drug use, and other negative factors.

## WIND-DOWN OF EXISTING HOTEL SHELTERS

6. DSS/DHS provide **written commitment** that the hotels within Chinatown currently serving as shelters will be closed by the end of 2023, as outlined in the DeBlasio administration’s “Turning the Tide on Homelessness” and prior to the consideration of any new shelters in Chinatown.

## RECOGNITION OF AND ENGAGEMENT WITH THE CHINATOWN COMMUNITY

7. Elected Officials including the Mayor’s office and NYC agencies – including NYPD, DOT, DPR, DSNY, Small Business Services and more - acknowledge the deep impact of the COVID-19 pandemic and other factors on the Chinatown community, including increased hate crimes towards Asian-Americans and violence, crime and fears for personal safety, economic hardship, and a decline in the quality of life for many Chinatown residents; and that these entities make a deep and good faith effort to engage with the Chinatown community regarding issues of representation, safety, equity and Quality of Life. This should include safety and Quality of Life concerns regarding any of the identified shelters within Chinatown.

**BE IT FINALLY RESOLVED** that, given that the City has not yet made extensive general engagement or specific engagement on the topics identified above, Community Board 2 believes that the City **should not move forward** with the current proposed 231 Grand Street shelter consisting of a Drop-in Center and Stabilization Beds at this time.

Vote: PASSED: 37 Board Members in favor; 7 Board Members opposed (S. Aaron, C. Dignes, W. Kawadler, R. Kessler, J. Liff, M. Osman, A. Zeldin)

- B. The current condition has a curb step up at the street entrances and the theatre is accessed by a flight of stairs only; and

C. An elevator is to be installed in an adjacent area through a new, grade level entrance in the center bay; and

D. The historic style proposed door is centered in the building, and conforms to the existing original openings pattern and the existing window will be moved to the existing position of the door; and

E. A new duct runs up the north wall of the second story, the access door is modified; and certain mechanical equipment will be replaced with smaller units; and

F. The duct and mechanical equipment will be painted or modified to blend into the existing finish of the north facade and though visible, is not objectionable; and

G. At side entrance, the pitch of the roof is raised (while still maintaining the existing peak) to accommodate an accessible toilet; and

H. There are two signs in frames, one beside each door, and a 11' tall banner, 10' off the ground, beside the entrance door; now

**Therefore be it resolved** that CB2 Manhattan recommends approval of this sensitive modification that provides accessibility to this distinguished building for a valued Off-Broadway company, that results in a symmetrical classical facade.

Vote: Unanimous, with 39 Board members in favor.

**2. 770 Broadway– Application is to install new signage and new emergency back-up generator at roof and new cooling towers.**

**Whereas:**

A. There are five gold script signs highlighted in dark green with interior halo lighting in the transom of assorted bays on the east and south facades with a medallion sign over the entrance; and

B. There are panel signs showing products and information in two east bays on 9th Street and four in the northern bays on 4th Avenue; with a substantial margin of clear glass providing visibility into the store; and

D. The north-west generator is not taller than other equipment behind it and is minimally visible from a distance which is not objectionable; now

**Therefore be it resolved** that CB2, Man. recommends:

- B. The ground floor is light colored masonry with a plate glass public entrance and solid door office entrance and the upper floor façade is made up of dark vertical aluminum cladding with large multi- pane windows; and
- C. The vertical thrust, the large amount of glass, the materials and the overall design has no relationship to the historic character of the district and the building is an alien intrusion on the streetscape; and
- D. The marquee is without precedent in the district -other than a theatre, is assertive, and has no relationship to the building; and
- E. The modern style neon signs immediately behind the windows on the second and third stories become the central focus of the building, are not historic, and there is no recorded approval of new neon signs in the district which historically only has them on diners and similar establishments; and
- F. The applicant stated that the signs are only an “idea” and made it clear that this is an incomplete application in this and several other respects and when the applicant was questioned about this and several other details the answers were vague; and
- G. The overall impression of the building is one without historic reference, it bears no relationship to the historic music clubs and cabarets in the district which are traditionally found in modest buildings; and
- H. There was public testimony opposing the design of the building, now

**Therefore be it resolved** that CB2, Man. recommends:

- A. That this application be denied for missing vital details and as a totally unacceptable concept and design for the district and the streetscape; and
- B. That a new design be brought to the community board that is in harmony with the historic district and with the streetscape.

Vote: Unanimous, with 39 Board members in favor.

- C. The extension is similar to 26 Commerce St. which was approved by the commission; now

**Therefore be it resolved** that CB2, Man. recommends **approval** of the application. Vote: Unanimous, with 39 Board members in favor.

B. The rear facade is to be removed and the two lower floors will have large multi-pane windows and the upper floor are steel industrial punched windows with one blind window; and

D. The new, less deep rear extension with industrial windows is in the general style of other rear facade designs approved by the commission; and

E. The east lot line wall with historic narrow punched windows is proposed to have a solid brick ground floor, a large industrial steel window on the second floor and large punched double hung steel windows in the top two floors making it an important facade facing the garden of the neighboring property the design is assertive and transforms a lot line wall with small punched windows into a principal facade which has no historic precedent and is a distraction to the neighboring properties; and

F. The top floor is proposed to be floor to ceiling plate glass windows on all four sides and is minimally visible from a public thoroughfare: and

G. The glass penthouse is not in harmony with the building and the district and is a distraction to the surrounding properties, especially when lit in the evening; and

**Therefore be it resolved** that CB2, Man. recommends:

A. **Approval** of the front facade provided that the restoration of the curb-cut is permitted; and

B. **Approval** of the rear facade; and

C. **Denial** of the east lot line wall of windows and that the windows be reduced in size and not more than the number of the existing and bricked up historic windows arranged in an orderly pattern; and

D. **Denial** of the penthouse as proposed and further recommends that it have a ratio of solid material to glass generally in line with similar approved penthouses and with a historic reference.

**LAND USE AND BUSINESS DEVELOPMENT**

**NY State Assembly Bill Number [A9675](#) (NY State Senate Bill Number [S8793](#)), an act to amend the Interim Multiple Dwelling law in relation to occupancy of joint living-work quarters for artists.**

1. The purpose of the bill is to permit residents who live in JLWQA units and were in residence prior to December 31, 2021 to continue to occupy such units regardless of their status as certified artists.

2. It would amend Article 7B of the Multiple Dwelling Law regarding Joint Live-Work Quarters for Artists (JLWQA), not to be confused with the New York State Loft Law, which created New York City's Loft Board.
3. The bill was introduced to the NY State Assembly by Assemblymember Deborah Glick on March 28, 2022 and it would be effective immediately upon passage. It is co-sponsored in the NYS Senate by State Sen. Brian Kavanagh (S8793).
4. The bill would cover units in manufacturing buildings converted to JLWQA that have either a temporary or permanent Certificate of Occupancy (C of O) or who have applied for a JLWQA C of O as of December 31, 2021.
5. Charlie Anderson, Assemblymember Glick's director of community affairs and Charles LeDuc, her legislative director, made a presentation regarding the intent and process of the bill.
6. More than 150 people registered for the meeting and no one spoke against this bill. Speakers urged CB2 to approve it quickly and they addressed the following concerns:
  - How further modifications not covered in the proposed bill will be handled in future legislation and the need to differentiate between what is within the purview of New York State v. New York City
  - Plans to protect the artists and the artistic character of the neighborhood
  - Issues of inheritance
  - The need to update the definition of artist and reinvigorate the artist certification process
  - Preservation of JLWQA units as a form of affordable housing
  - The ramifications of this bill for coop and condo owners
  - Reconciling the difference in code requirements to obtain a Certificate of Occupancy between JLWQA and residential units in the same building
  - How occupancy of JLWQA units after Dec. 31, 2021 will be handled
  - Responsibility for conversion costs
  - The role of the NYC Arts Fund

**Therefore, be it resolved** that CB2M wholeheartedly recommends approval of this bill and applauds Assemblymember Deborah Glick for taking the first step on a matter of utmost concern to our community.

Be it further resolved that CB2M urges the New York State Senate and the New York State Assembly to advance this bill to the floor of both houses as quickly as possible so it can be passed during this legislative session.

Vote: Passed with 37 Board members in favor and two abstentions (J. Liff, R. Sanz)

## **QUALITY OF LIFE**

### **Street Activity Applications:**

#### **1. Thursday-Monday, May 5-9, 2022 – HypeGolf Pro Shop: Mercer St. between Grand St. and Canal St. [full sidewalk closure – west side]**

**Whereas**, the applicant is a clothing company which plans to open a pop-up store at 25-27 Mercer Street which will operate from May-July 2022; and

**Whereas**, the pop-up is expected to open on May 5<sup>th</sup>, with a significant amount of foot traffic expected for the opening weekend, with an expected attendance of up to 200; and

**Whereas**, the applicant is seeking a partial sidewalk closure to accommodate the line of customers awaiting entry into the store; and

**Whereas**, the applicant intends to employ fence barriers for the line which is expected to take up approximately 30 feet of sidewalk space, crossing in front of an adjacent vacant storefront; and

**Whereas**, there will be no amplified sound or music outside the store; and

**Whereas**, the applicant intends to employ 2-4 security guards during peak hours; and

**Whereas**, residents and board members expressed concern that given the applicant's social media presence, there would be more attendees than included in the application, and that prior pop-ups and store openings for other brands had generated lines around the block, and expressed the view that virtual registration and/or timed entry could cut down on the lines; now

**Therefore Be It Resolved** that CB2 Manhattan recommends **approval** of HypeGolf Pro Shop: Mercer St. between Grand St. and Canal St. [full sidewalk closure – west side], **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements, and **further provided that** the applicant ensures that they employ adequate security all time and have a contingency plan in place for security should more customers show up than initially expected.

**Therefore Be it Further Resolved** that CB2 Manhattan intends to establish a set of “best practices” around store openings and pop-ups to be posted on the CB2 website, which will recommend, among other things, online registration and/or timed entry.

Vote: Passed unanimously with 39 Board members in favor.

**Whereas**, the plaza activation will consist of a static display of a single structure, consisting of an 8' x 8' x 12' acrylic box with a sphere inside, and the Louis Vuitton logo; and

**Whereas**, the event will not feature any amplified sound or any other type of activity, with seating in the plaza to be maintained and no closure of the plaza; and

**Whereas**, there will be a security guard at the activation 24 hours a day; and

**Whereas**, there was some opposition amongst the board members and the community members present to the plaza being used for advertising purposes; and

**Whereas**, there was the belief amongst committee and board members that the activation presented an education opportunity on the life of Virgil Abloh, who broke ground as the first African-American artistic director at a French fashion house, and who developed his own label which included a store in SoHo; now

**Therefore Be It Resolved** that CB2 Manhattan recommends **approval** of LV Glass Box (Louis Vuitton): Gansevoort Plaza [full closure], **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

**Therefore Be It Further Resolved** that CB2 Manhattan recommends that the applicant consider additional content within the activation in order to further educate the community on Virgil Abloh and his work.

Vote: Passed unanimously with 39 Board members in favor.

**Whereas**, there will be two security guards present at the event; and

**Whereas**, the applicant intends only to close the street and keep the sidewalks clear; now

**Therefore Be It Resolved** that CB2 Manhattan recommends **approval** of LREI Centennial Street Fair: Charlton St. between Sixth Ave. and Varick St. [full street closure], **provided that** the application conforms with all applicable laws, rules, and regulations—including any and all COVID related orders and/or restrictions—and clearance requirements.

Vote: Passed unanimously with 39 Board members in favor.

**4. Friday-Sunday, June 10-12, 2022 – LEAF Festival of Flowers (Sponsor: Meatpacking District Management Association): 1) Gansevoort Pedestrian Plaza, 2) Gansevoort Pedestrian**

Plaza (Chelsea Plaza), 3) Gansevoort/Gansevoort Pedestrian Plaza, 4) Greenwich St. between Horatio St. and Gansevoort St., 5) 9th Ave. between Gansevoort St. and W. 13th St., 6) 9th Ave. between W. 13th St. and West 15th St., 7) Washington St. between W. 14th St. and Horatio St., 8) Horatio St. between W. 4th St. and 8th Ave., 9) Gansevoort St. between Hudson St. and 10th Ave., 10) Little W. 12th St. between 10th Ave. and 9th Ave., 11) W. 13th St. between Hudson St. and 10th Ave.

**Whereas**, the applicant wishes to hold the 2nd Annual LEAF festival in the Meatpacking District, following a successful first-time event in 2021; and

**Whereas**, the event is planned to take place on Friday-Sunday, June 10-12, with setup planned to start on June 8th and strike completed by June 14th; and

**Whereas**, the applicant successfully managed the 2021 LEAF festival which was received very positively by the community, and has significant experience managing other events and open streets within the Meatpacking District; and

**Whereas**, similar to the 2021 event, the 2022 event is planned to consist of large public floral displays, seating areas, games, storefront activations, and a flower market; and

**Whereas**, the proposed event for 2022 is on a significantly larger scale than the 2021 event, and would entail a partial or full closing of the majority of blocks within the Meatpacking District, effectively creating a large pedestrianized district for the duration of the event; and

**Whereas**, similar to the 2021 event, activations would take place on public plazas within the Meatpacking District, but certain activations for the 2022 event would also take place on the streets themselves, including the flower market which will be located on Washington Street and would require a 29-day concession from DoT to allow for vending and sales to take place on the street itself; and

**Whereas**, the applicant expressed the intention to employ VMS message boards, which should be employed starting the weekend before the event, and placed at critical junctures on Horatio St., Greenwich St., and 12th St., in order to inform drivers of the street closures and which streets to avoid and/or rerouting information; and

**Whereas**, the intended street closures would require the re-routing of the M-11 bus; and

**Whereas**, the applicant is presently developing a full management plan with its traffic and pedestrian management team and the LEAF production team, and is also working closely with SAPO, CECM, DOT, and the NYPD to support traffic management for the event; and

**Whereas**, numerous questions and concerns were raised by committee members, board members and community members around the traffic impact of the significant closures being proposed by the applicant, including:

- Impact on traffic in the residential areas south of the Meatpacking District; and
- Potential confusion of drivers, especially given the non-grid alignment and existing traffic patterns in and around Meatpacking District, which could lead to increased congestion; and
- The need for a plan for ride share pick-ups and drop-offs, which are expected to be numerous on Friday and Saturday night; and
- Impact on residents of the re-routing of the M-11 bus, including requiring residents to walk a longer distance in order to catch the bus; and

**Whereas**, the Quality of Life Committee would have preferred to review the fully developed management plan and traffic study for the proposed event, including possible input from CB2's Traffic & Transportation Committee, but it was not ready in time for the April meeting and the CB2 meeting calendar for May does not allow this to happen;

**Therefore Be It Resolved** that CB2 Manhattan recommends **approval** of the LEAF Festival of Flowers (Sponsor: Meatpacking District Management Association) **provided** that the applicant promptly develops and shares with CB2 a detailed traffic mitigation plan incorporating the hiring of adequate personnel to manage traffic (similar to Hudson Square BID traffic managers) as well as guards to ensure security of the structures and noise and nuisance control, and CB2 urges the applicant to further incorporate any further questions and concerns from the board in the coming weeks into its final plans for the event.

**Vote:** Passed with 38 Board members in favor and one opposed (V. De La Rosa)

**5. 6/11/22 – P.A.L. Festival (Street Fair) (Sponsor – Police Athletic League): Broadway between Waverly Place and East 14th St. [full street closure]**

## **SCHOOLS & EDUCATION**

### **Resolution in support of Food Service Bonuses for School Food Service Workers who Worked Throughout the Pandemic Providing Meals to Students and the Community at Large**

1. **Whereas**, it has come to the attention of the CB2 Schools & Education Committee that local school food service workers worked throughout the pandemic providing meals to students and the community at large; and
2. **Whereas**, some schools in CB2 were designated as “Grab’n’Go” sites serving food for not only students but members of the community during the pandemic school closure, requiring school food service workers to report to work physically every day in the midst of the pandemic; and
3. **Whereas**, these school food service workers have not been compensated for their work with hazard pay; and
4. **Whereas**, CB2 Schools & Education Committee invited Amalaa Somwaru, School Food Service Manager of P.S. 130 Hernando De Soto, to give background on this topic on Monday, April 11, 2022; and
5. **Whereas**, New York City’s Department of Education (DOE) has been one of the school districts most adversely affected by COVID-19. But through the shutdowns, reopenings and continued uncertainty, wholesome meals to students—and the community at large—has remained a constant; and
6. **Whereas**, the Office of Food and Nutrition Services has produced nearly 100 million meals over the last 13 months, serving an average of 300,000 to 500,000 students and adults per day<sup>25</sup>; and
7. **Whereas**, as only an example, in August of 2020, food service workers at [P.S. 130 Hernando De Soto](#) served over 14,000 meals in a single day to Community Board 2 families and neighbors; and
8. **Whereas**, workers ensuring the food security of our children and neighbors are certainly essential workers, without whom many thousands across the city would have gone hungry; and
9. **Whereas**, during the school year 2020-2021, roughly 45% of meals were served to students in person and 35% to remote learners. The remaining 20% of meals were served to the general public<sup>26</sup>; and

**Therefore be it resolved** Community Board 2 urges the city and state to utilize COVID-19 relief funds, such as the Coronavirus Aid Relief, and Economic Security (CARES)<sup>27</sup> and American Rescue Plan (ARPA)<sup>28</sup> Acts, to provide retroactive hazard pay to our essential, local school food service workers that served our families during the pandemic.

**8. Sum Yung Gai, LLC d/b/a Char’d, 17 E. 13<sup>th</sup> St., 1<sup>st</sup> & 2<sup>nd</sup> Fl. 10003** (New OP – Restaurant, pending SN#1336813)

i. **Whereas**, after circumventing CB2, Man.’s process for reviewing liquor license applications in order to provide a recommendation to the Liquor Authority, the Applicant and the Applicant’s Attorney appeared before CB2, Manhattan’s SLA Committee #1 via video conference for a final time to present an application to the NYS Liquor Authority for an On-Premises Liquor License for a restaurant serving Asian cuisine with high-end cocktails located on the first and second floors of a C6-1-zoned, two (2)-story

commercial building (c. 1910, altered 1985) on 13<sup>th</sup> Street between 5<sup>th</sup> Avenue and University Place (Block #571 / Lot #30); and

**ii. Whereas**, the premises encompasses the entirety of the building and is roughly 760 sq. ft. comprised of approximately 473 sq. ft. on the ground floor connected by an interior staircase to approximately 288 sq. ft. on the 2<sup>nd</sup> floor; on the ground floor there is a full-service kitchen, one (1) food counter with five (5) seats and on the 2<sup>nd</sup> floor there will be four (4) tables with eight (8) seats and one (1) bar with five (5) seats for a total patron occupancy of 18 seats; there is one entry serving as patron ingress and egress and one bathroom on the ground floor; there will be no sidewalk café or roadbed seating; and

**iii. Whereas**, the agreed upon hours of operation will be from 11:00AM to 12:00AM Sundays through Saturdays (7 days a week); all doors and windows will be closed at all times; music will be quiet background only consisting of music from iPod/CDs on the ground floor at all times; there will be no dancing, DJs, promoted events, no scheduled performances or cover fees, no velvet ropes, no movable barriers; and

**iv. Whereas**, the premises previously operated as a French gourmet sandwich shop known as La Mansion du Croque Monsieur from 2012 to 2019 with a Restaurant Wine license (#1265139) and closing hours of 12:00 AM, 7 days a week; and

**v. Whereas**, the Applicant provided CB2, Man. with a 30-day notice in February/2021 for an On-Premises Liquor License, was placed on CB2's March/2021 agenda and after much follow up from CB2, Man. provided their questionnaire describing the operation as a family restaurant focused on Asian cuisine with operating hours of 11:00AM to 11:00PM, 7 days a week; the Applicant requesting to layover the Application until April/2021, the Application being placed on CB2, Man.'s April/2021 agenda at which time the Applicant failed to appear providing no notice or reason to CB2 despite outreach from CB2, Man., therefore CB2, Man. unanimously voted to recommend denial of the Application at its April/2021 Full Board meeting due to the Applicant's failure to appear; and

**vi. Whereas**, despite not appearing before CB2, Man. the Applicant filed an Application with the NYSLA for an On-Premises Liquor License on June 24, 2021 with notice of a 500' hearing received by CB2, Man. on July 6, 2021 that resulted in a favorable determination for the Application being made by the Administrative Law Judge; the questionnaire being supplied for that hearing by the Applicant incorrectly stating that the Applicant had met with the Municipality (CB2, Man.) and listing their hours of operation from 11:00AM to 11:00PM, 7 days a week; due to a clerical issue relating to email, CB2 Man.'s denial recommendation was not included in the 500' materials; and

**vii. Whereas**, CB2, Man. received notification of the scheduled February 16, 2022 NYSLA Full Board hearing for this Application on January 31, 2022, prompting CB2, Man. to again do significant outreach to the Applicant's representative in an effort to have the NYSLA Full Board hearing adjourned until CB2, Man. was afforded the opportunity to have a position on the Application; the Applicant being placed on the March/2022 agenda as CB2, Man.'s February SLA meetings were scheduled for 1<sup>st</sup> and 3<sup>rd</sup> of the month and the Applicant could not be added to the agenda at the very last minute; and

**viii. Whereas**, the Applicant and their Representative appeared before CB2, Man.'s SLA Committee in March/2022, apologizing for its prior actions and not paying attention to the liquor licensing process, the instant application having hours of operation now extending from the original 11:00PM closing presented at the 500 ft hearing, to a 2:00AM closing 7 days a week with a focus on high end cocktails paired with the food, the Committee having concerns that the instant Application differed in hours and concept from what was presented to the NYSLA for the 500' hearing, the 500' hearing being the opportunity to determine the facts in relation to the public interest portion of the 500' law, that the Applicant provided no explanation for their failure to appear in March or April/2021 despite extensive outreach from CB2, Man., the premises having never had an On-Premises license before, the prior operation being for Restaurant Wine License with a predominately lunch and early dinner operation closing at midnight, concerns being raised that the proposed later hours, combined with the focus on high end cocktails, would lead the establishment to operate as a bar scene later in the evening, the block being quiet in the evenings with many surrounding residences, the Applicant having other restaurants in Manhattan with earlier closing hours, having appeared before other community boards following their procedures and agreeing to

stipulations, but being unwilling to reduce the hours at this location to those presented at the 500' hearing or consider a Restaurant Wine instead of an On-Premises license, the Applicant having signed a lease for the premises in January/2021, recently having opened the location for takeout; and

**ix. Whereas**, following the March/2022 meeting, the Applicant requested to return to CB2, Man. this month (April/2022) with new representation again apologizing for their prior actions, not paying attention to the liquor licensing process and for the actions of its former representative; the instant Application again describing the method of operation as a restaurant focused on Asian cuisine with high end cocktails and the hours remaining 11:00AM to 2:00AM, 7 days a week, again not consistent with the facts provided at the 500ft hearing; petitions were supplied in support of the application but the majority of those petitions did not list the hours and were not dated and included two letters of support listing the hours as being from 11:00AM to 11:00PM with no targeted outreach to immediate neighbors; the same concerns being raised again by the Committee, the Applicant after hearing the Committee's concerns again, agreeing to closing hours of Midnight Sundays through Wednesdays and 1:00AM Thursdays through Saturdays, those hours remaining later than what was supplied to the NYSLA and to the Administrative Law Judge conducting the 500 ft hearing in consideration of the public interest standard; and

**x. Whereas**, this Application being subject to the 500' rule requiring the Applicant to demonstrate that the public interest would be served by adding another liquor license at this location; CB2 Man.'s SLA Committee voted to recommend denial of the Application as presented, reasons including that the application differed significantly from what was presented at the 500' hearing and that the statements presented in the 500 ft hearing questionnaire were inconsistent with the facts and method of operation presented to CB2 and to those who signed petitions; *the Committee also offered a pathway to CB2's support of the Applicant* if the Applicant would agree to closing hours of 12:00AM Sundays through Saturdays (7 days a week), which is one hour later than the hours presented at the 500' hearing but in alignment with other nearby restaurant hours, and other stipulations; the Applicant accepting that pathway with closing hours of 12:00AM 7 days after the committee meeting; and,

**xi. Whereas**, the Applicant subsequently executed and has had notarized a Stipulations Agreement with CB2, Manhattan that they agreed to submit to the NYSLA and agreed would be attached and incorporated into the method of operation of the new On-Premises Liquor License, with those stipulations as follows:

1. Premises will be advertised and operated as an Asian restaurant.
2. The hours of operation will be 11:00AM to 12:00AM Sundays through Saturdays (7 days a week). All patrons will be cleared and no patrons will remain after stated closing time.
3. Will operate a full-service restaurant, specifically a family restaurant with a focus on Asian cuisine and serving specialty high end cocktails with the kitchen open and full menu items available until closing every night.
4. Will not operate as a Lounge, Tavern or Sports Bar or allow any portion of premises to be operated in that manner.
5. Will not operate a backyard garden or other outdoor area for commercial purposes including any sidewalk café and/or roadbed seating operating under the Open Restaurants program.
6. Will play quiet ambient recorded background music only, inclusive of any private parties or events. No music will be audible in any adjacent residences any time.
7. Will not have televisions
8. Will close all doors and windows at 8:00PM, allowing only for patron ingress and egress.
9. Will not install or have French doors, operable windows or open facades aside from the existing 2<sup>nd</sup> floor operable windows.
10. Will not make changes to the existing façade except to change signage or awning.
11. Will comply with NYC Department of Buildings Regulations and keep current at all times required Permits and Certificates.
12. Will not have unlimited drink or unlimited food and drink specials. Will not have "boozy brunches." No pitchers of beer.
13. There will be no "bottle service" or the sale of bottles of alcohol except for the sale of bottles of beer or wine products.
14. Will appear before CB2, Manhattan prior to submitting any changes to any stipulation agreed to herein.

15. Will not have: dancing, DJs, live music, promoted events, any event where cover fee is charged, scheduled performances, velvet ropes or metal barricades, security personnel/ door staff.
16. Will appear before CB2, Manhattan prior to submitting any changes to any stipulation agreed to herein.
17. Will appear before CB2, Man. for alteration to license prior to submitting plans for permanent sidewalk or roadbed seating.

**xii. Whereas**, subject to the Authority's concurring to those later hours and that the other executed stipulations would meet with the Authority's approval in establishing public interest despite the discrepancy presented by the applicant at the 500 ft. hearing, the hearing established to explicitly review those significant elements for 500 ft. cases;

**THEREFORE BE IT RESOLVED** that CB2, Man. recommends **denial** of the application for a new On-Premises Liquor License application for **Sum Yung Gai, LLC d/b/a Char'd, 17 E. 13<sup>th</sup> St., 1<sup>st</sup> & 2<sup>nd</sup> Fl. 10003**, **unless** the stipulations agreement the Applicant has executed is incorporated in the "Method of Operation" on the NYSLA On-Premises License and that the Authority agree to those stipulations despite the discrepancy in facts at the 500 ft hearing.

Vote: Unanimous, with 39 Board members in favor.

**THEREFORE BE IT RESOLVED** that CB2, Man. recommends **denial** of the application for a new Restaurant Wine License for **Skybird Hospitality Partners, LLC d/b/a Pending, 109 Mulberry St. 10013**, **unless** the statements the Applicant has presented are accurate and complete, and that those conditions and stipulations agreed to by the Applicant above are incorporated into the “Method of Operation” on the NYSLA Restaurant Wine License.

Vote: Unanimous, with 39 Board members in favor.

**13. 3 of Cups, LLC d/b/a Three of Cups, 150 Sullivan St. 10012** (Municipal Extension RW–Restaurant)

**Whereas**, the applicant notified CB2, Man. via a “Standardized Notice Form for Providing 30-Day Notice to a Local Municipality or Community Board for Expansion onto Municipal Property” dated March 2, 2022 and received by CB2 on March 3, 2022 of their intent to apply to the NYSLA for an extension of their licensed premises onto municipal property covered under New York City’s Temporary Open Restaurants Program; and,

**Whereas**, upon receiving the notice form, CB2 calendared the item to be heard on the next CB2 SLA Licensing Committee Meeting on April 5, 2022, and informed the applicant’s attorney of the meeting with active confirmation that both the Applicant and Attorney were aware of the meeting; and

**Whereas**, the Applicant was informed several days prior to the scheduled meeting that requested materials were not submitted; and

**Whereas**, the Applicant **failed to appear** before Community Board 2, Manhattan’s SLA Licensing Committee Meeting on April 5, 2022 despite having been requested to appear, and did not provide information or explanation as to such non-appearance despite CB2, Man. reaching out multiple times to request documents for the Municipal Extension and contacting the Attorney prior to the meeting to inquire as to whether or not the Applicant would be appearing; and

**v. Whereas**, at its September/2021 Full Board meeting, CB2, Man. had unanimously recommended denial of the Restaurant Wine Application for 3 of Cups d/b/a Three of Cups; and

**vi. Whereas**, at the February 16, 2022, NYSLA Full Board hearing the Commissioners approved the Applicant’s Restaurant Wine License over CB2’s objection with the **explicit** condition included on their liquor license that there would be no outdoor service of alcohol under the temporary Open Restaurant program in their already permitted outdoor space under the temporary Open Restaurant program that is part of the restaurant; and,

**vii. Whereas**, the applicant was clear on Feb 16 that the restaurant was already open and operating, that the temporary outdoor dining area in the roadbed already had a permit and was open and operating without alcohol and that they had removed the outdoor area from the application for the service of alcohol despite it being part of the restaurant already and that they would amend their license in the future should they chose to extend alcohol service to the area through the temporary Open Restaurant program; and

**viii. Whereas**, on Feb 16<sup>th</sup> Commissioner Fan voted to support the application as presented without outdoor alcohol service, Commissioner Ford voted to support explicitly stating no outdoor alcohol service and Chairman Bradley voted to support also explicitly stating no outdoor alcohol service, Chairman Bradley responded further to the Applicant’s statement that they were not seeking to license the already permitted temporary outdoor seating open restaurant area for alcohol and that they would submit an alteration in the future should that change, stating “So [if] you are going to come back for outdoor service.

Please go to them [CB2, Man.] first, just so we don't have to send you back there even if they don't agree with you. At least we'll have it all in writing." [<https://youtu.be/1gaVIDLFdBI?t=3920>]; and

**ix. Whereas**, complaints have been submitted to CB2, Man. and Members of CB2 have observed directly with photographic evidence that alcohol service is occurring in the outdoor area and at the licensed premises despite the condition on the license and lack of submission of any alteration application; and

**THEREFORE, BE IT RESOLVED** that CB2, Man. strongly recommends that if the SLA has not done so already, that it actively notify the Applicant that the "standard notice" submitted to CB2 and then to the Authority with additional materials, and any lack of response by the Authority as indicated in the instructions related to the "Standard Notice," "Licensees should wait for 5 calendar days for a response to their application from the SLA, if an email disapproval is not issued within such 5 day period, your application is deemed approved" in this specific case does not constitute approval to serve alcohol on the sidewalk or roadbed seating under the temporary Open Restaurant program because of the conditions on the license and that the outdoor area was already known to the Authority at that time of the issuance of the license and of their statements to and the directions from the Members of the Authority be adhered to including submitting an alteration application; and

**THEREFORE, BE IT FURTHER RESOLVED**, that CB2, Man. requests that should the SLA decide to not send any active notification to the applicant regarding their submission of materials related to the outdoor dining that is the subject of this resolution, that the Authority conduct an onsite compliance check during dinner hours to ascertain if alcohol service is available in the outdoor areas contrary to the conditions of the license and if so to educate the Licensee of the conditions on their license and and/or issue appropriate violations.

**THEREFORE BE IT FINALLY RESOLVED** that the SLA **deny** any type of Municipal Extension to the existing Restaurant Wine License for **3 of Cups, LLC d/b/a Three of Cups, 150 Sullivan St. 10012** **until** the Applicant has presented their application in front of CB2's SLA Licensing Committee as per the conditions of their Restaurant Wine License and CB2 has forwarded a recommendation to the NYSLA and requests that the NYSLA send this Applicant back to CB2 to present their application, in order that this important step not be avoided and that the concerns of the Community be fully heard.

Vote: Passed, with 35 Board members in favor, and 4 in opposition (C. Dignes, R. Kessler, Z. Roberts, A. Zeldin).

**18. 67G, LLC d/b/a Krewe 67 Gansevoort St. 10014 (Tavern Wine -Eyewear Retail with Optometry)**

**i. Whereas**, the Applicant and the Applicant's Attorney appeared before CB2, Manhattan's SLA Licensing Committee for a new Tavern Wine liquor license to operate a retail eyewear store in a ground floor storefront within a three-story brick mixed use townhouse (c.1877) building on Gansevoort Street between Greenwich and Washington Streets, this building falling within the Gansevoort Market Historic District; and,

**ii. Whereas**, the ground floor storefront has never previously been licensed for the service of alcohol, the Applicant being a national retail chain of stores selling optical products, prescription glasses with optometry services, the Applicant's other retail locations in NYC or elsewhere not providing for the service of alcohol, the Applicant seeking a method of operation as a wine bar in combination with its retail products and services; and,

**iii. Whereas**, the interior storefront is roughly 3,500 sq. ft premise (ground floor 1500 sq ft, cellar 2,000 sq ft); there will be lounge seating in the rear with 4 small tables, a couch and lounge chairs, a point of sale counter that will double for the sale of eye wear products, one bathroom that may only be accessible by walking through a food prep area, there will be no TVs, no kitchen, with 1 patron entrance, the hours of operation will be 10AM to 8PM Sunday to Saturday, music will be quiet background only consisting of music from iPod/CDs (i.e. no active manipulation of music – only passive prearranged music), there will be no DJ, no promoted events, no scheduled performances or cover fees, no velvet ropes, no movable barriers; and,

**iv. Whereas**, the Applicant intends to apply for pandemic-related temporary sidewalk seating located on Gansevoort Street for the flagship eyewear store with 4 tables and 16 patron seats; and,

**v. Whereas**, there was significant opposition to this license, this area and block being greatly saturated with liquor licenses, concerns being raised about the service of alcohol and operation of a wine bar being inconsistent with the retail products and services being proposed, there being no designated café area within the retail premise, the license being sought not consistent with the method of operation intended, a more appropriate license being a bottle club license where alcoholic products may be provided on a complementary basis, the bottle club license being typical and designed for this purpose;

**THEREFORE BE IT RESOLVED** that CB2, Man. recommends **denial** of a new application for a Tavern Wine liquor license for **67G, LLC d/b/a Krewe 67 Gansevoort St. 10014**; and

**20. Barbuto West, LLC d/b/a Barbuto, 521 West St. aka 113 Horatio St. 10014** (New OP-Restaurant)

**i. Whereas**, the Applicant and his Attorney appeared before CB2, Manhattan’s SLA Licensing committee to present an application to the Liquor Authority for a transfer of an existing on-premise liquor license to continue to operate a full-service restaurant serving breakfast, lunch and dinner in a mixed-use building (circa 1930) located on the corner of Horatio St., West St. and 10<sup>th</sup> Avenue for a roughly 5,400 sq. ft premise (located on the ground floor (3,200 sq. ft.), basement (2,200 sq. ft.) and exterior loading dock connected to the first floor along West Street in Greenwich Village, the building falling within NYC LPC’s designated Gansevoort Historic District; and,

**ii. Whereas**, the Applicant previously operated the Barbuto Restaurant on Washington Street in CB2, Man. (2006-2019) and in 2019 moved its restaurant operations to the instant location at 521 West Street a/k/a 113 Horatio Street; and,

**iii. Whereas**, the Applicant originally applied for an OP license at this same location in 2019, at which time the Applicant appeared before CB2, Man. for its existing on premise license, the recommendation from CB2, Man. being “deny unless” after the Applicant agreed to and executed a stipulations agreement with CB2, Man. to establish the public interest standard, and those stipulations are as follows:

1. The establishment will be advertised and operated as a full-service restaurant serving breakfast, lunch and dinner.
2. There will be a maximum interior occupancy of 74 with maximum exterior occupancy of 14 at the loading dock. The hours of operation of the ground floor interior of the premises will be Sunday to Wednesday from 8AM to 1AM and Thursday to Saturday from 8AM to 2AM. All patrons will be cleared from the premises and no patrons will remain after stated closing time.
3. There is an exterior area for patron seating located on an old loading dock. There will be a maximum of 14 seats for licensed sidewalk café on the loading dock. The hours of operation of the exterior seating on the loading dock will be Sunday to Thursday from 8AM to 11PM and Friday to Saturday from 8AM to 12AM. All patrons will be cleared from the loading dock area and no patrons will remain after stated closing time.
4. Other than a licensed sidewalk café, the premises will not operate a backyard garden or any outdoor area except for the seating on the loading dock for commercial purposes.
5. The premises will not operate as a lounge, tavern or sports bar or allow any portion of the premises to be operated in such a manner.
6. The premises will not permit dancing in any portion of the premises.
7. The premises will play quiet ambient-recorded background music only. No music will be audible in any adjacent residences at any time.

8. The premises will not have DJ's, live music, promoted events, any event where a cover fee is charged or any scheduled performances.
9. The Licensee will obtain all required certificates, permits and related documents including a Certificate of Occupancy prior to opening and will keep current all certificates, permits and related documents.
10. Licensee will move the main entrance to the space from Horatio Street to West Street/10th Ave and will make good faith effort to obtain a new address for premises on West St./10<sup>th</sup> Avenue. Subject to availability, licensee will use, publicize and advertise the West St/10th Avenue address as the official address of the restaurant and will make best efforts to promote vehicle traffic to West St./10<sup>th</sup> Avenue for mapping or eating and dining applications. The Horatio entrance will be used only for deliveries, ADA and other special needs patrons, and emergency egress use.
11. There will be no French doors or operable windows on the Horatio Street side of the licensed premises.
12. All doors will remain closed after 10 pm except for patron ingress and egress.
13. The kitchen will remain open and the full food menu available until 30 minutes before closing time.
14. The premises and all mechanicals will comply with all NYC Noise Codes.
15. There will be no "bottle service" other than typical restaurant beer/wine by the bottle.
16. There will be no velvet ropes or barricades used to control patrons.

**iv. Whereas**, the instant transfer application differs from the prior application in 2019 to the extent that the Applicant seeks to nearly quadruple its patron capacity—after recently obtaining the requisite certificate of occupancy permitting eating and drinking use/occupancy in the basement—from 74 to 270 patrons, while also adding 6 additional exterior seats on a former loading dock, for a total of 20 seats on the loading dock, the loading dock being adjacent to and connected by operable doorways from the licensed interior premise, the loading dock being elevated above the sidewalk on West Street; and,

**v. Whereas**, in addition to increasing its patron capacity, the Applicant also sought to operate on the public sidewalk directly in front of the loading dock, but due to concerns voiced that the sidewalk seating proposed would block and not provide clear passage for pedestrians and strollers, the sidewalk in question being a vital and significant throughfare for all those seeking to cross the West Side Highway to safely access the Hudson River Park, Little Island Park, the Gansevoort Peninsula and its new sports field, a children's playground known as Pirate Park, and its many other attractions and piers, there being no other access points for this purpose in the immediate area, the sidewalk also being a throughfare for those seeking to continue up 10<sup>th</sup> Avenue along from the South to enter the Meatpacking District, the Applicant in response to such concerns providing an amended diagram for such seating and reducing its sidewalk seating to four (4) tables and eight (8) patron seats located immediately adjacent to loading dock on its south end so as to not block the sidewalk; and,

**vi. Whereas**, in light of the significant increase and patron occupancy being proposed, the Applicant in good faith met with the local block association and residents living on Horatio and Jane Streets because the front entrance to the licensed premise is located on Horatio Street, where significant concerns were raised relating to a significant increase of traffic, taxis/Ubbers/private cars posed by the proposed change in occupancy, with both Horatio and Jane Streets existing as a one-way single driving lane "loop" connecting the two blocks, surrounded by residential buildings, with no outlet or access to the West Side Highway, requiring all traffic on Jane Street to circle back onto Horatio Street to access the front entrance drop off/pick up location of the restaurant on Horatio, this particular restaurant having a significant reputation, being a very popular destination location for tourists and others coming into this residential neighborhood to enjoy its offerings; and,

**vii. Whereas**, there also a second on premise liquor license application pending with the NYSLA to be sited on the same Horatio to Jane Street loop—The Jane St. Social Club, Inc. d/b/a SVB NYC, at 113 Jane St.—a Members Only Club on five floors and rooftop with a patron capacity of 750 and hours of operation until 4 AM), another destination location with a significant occupancy proposed, further exacerbating the existing traffic concerns for the instant application, where there is no public transportation hub within close proximity to/from the immediate area, insufficient available parking to help alleviate the inevitable increase of noise and traffic congestion in the area generated by the new liquor licenses to be issued on the same roadway loop; and,

**viii. Whereas**, as a result of meeting in good faith with residents and the local block association, the Applicant and the residential community sought to work out an agreement on stipulations, based on concessions advanced by both sides, in an attempt to ameliorate the significant, known impacts the issuance of the license will have on the existing residential community; and,

**ix. Whereas**, in light of the significant impacts posed by this proposed license on the surrounding community, an agreement was reached in compromise and to limit the anticipated impacts on the Community, the Applicant executing a stipulations agreement with CB2, Man. that they agreed would be attached and incorporated into the method of operation on the new restaurant on-premise liquor license stating that:

1. The establishment will be advertised and operated as a full-service restaurant serving breakfast, lunch and dinner.
2. There will be a maximum of 140 seats on the ground floor level exclusive of the 20 seats on the exterior loading dock and patrons waiting to be seated. The hours of operation of the ground floor interior of the premises will be Sunday to Wednesday from 8AM to 1AM and Thursday to Saturday from 8AM to 2AM. All patrons will be cleared from the premises and no patrons will remain after stated closing time.
3. The basement floor level will be used for private events. There will be no more than 60 seats in the basement and patron occupancy standing or seated will not exceed 60 at any time. The hours of operation of the basement of the premises will be 8AM to 12AM Sunday through Wednesday and 8AM to 1 AM Thursday to Saturday. All patrons will be cleared from the basement and no patrons will remain after stated basement closing time.
4. There is an exterior area for patron seating located on an old loading dock on the West Street side. There will be a maximum of 10 tables and 20 seats on the loading dock. There will also be 4 tables with 8 seats located immediately adjacent to loading dock on its south end so as to not block the sidewalk. The hours of operation of the exterior seating on the loading dock and immediately adjacent sidewalk area to loading dock platform will be Sunday to Saturday from 8AM to 12AM. All patrons will be cleared from the loading dock area and no patrons will remain after stated closing time.
5. The premises will not operate a backyard garden or any outdoor area except for the seating on the loading dock for commercial purposes.
6. The premises will not operate as a lounge, tavern or sports bar or allow any portion of the premises to be operated in such a manner.
7. The premises will not permit dancing in any portion of the premises.
8. The premises will play quiet ambient-recorded background music only. No music will be audible in any adjacent residences at any time.
9. The premises will not have DJs, live music, promoted events, any event where a cover fee is charged or any scheduled performances.
10. Licensee will make their best efforts to have guests drop off and pick up via motor vehicle on West Street and/or 10th Avenue and not on Horatio Street due to traffic concerns on Horatio Street. Licensee will publicize to promote vehicle traffic to West St./10th Avenue as a primary drop off/pick up location on social media and via the internet/Google maps and other mapping or eating and dining applications.
11. There will be no French doors or operable windows on the Horatio Street side of the licensed premises.
12. All doors at loading dock on West Street will close after 10 pm every night.
13. The kitchen will remain open and the full food menu available until 30 minutes before closing time.
14. The premises and all mechanicals will comply with all NYC Noise Codes.
15. There will be no "bottle service" other than typical restaurant beer/wine by the bottle.
16. There will be no velvet ropes or barricades used to control patrons.

**THEREFORE BE IT RESOLVED** that CB2, Man. recommends **denial** of a new restaurant on-premise liquor license for **Barbuto West, LLC d/b/a Barbuto, 521 West St. aka 113 Horatio St. 10014** **unless** the statements the Applicant has presented are accurate and complete, and that those conditions and

**23. Jane St. Social Club, Inc. d/b/a SVB NYC, 115 Jane St. 10014** (New OP-Private Member Club)

**i. Whereas**, the Applicant and the Applicant’s Attorney appeared before CB2, Manhattan’s SLA Licensing Committee to present an application for a new club license to operate a private members club (“SVB”) located in a six-story brick building (circa 1908) on Jane Street at West Street, this building falling within NYC LPC’s designated Greenwich Village Historic District; and,

**ii. Whereas**, the six-story premise to be licensed for the private membership club is roughly 19,000 sq. ft. and was previously operated and occupied as the Jane Hotel; and,

**iii. Whereas**, with the exception of the 4<sup>th</sup> floor, the new private members club will be occupying a large portion of the spaces on each floor previously occupied by the Hotel, but will operate independently, in contiguous but physically separate spaces, with a separate entrance on Jane Street while the Hotel will continue to operate with a smaller footprint and a smaller number of single occupancy rooms next door, many of which house and are occupied by long-term tenants, protected by law; and,

**iv. Whereas**, the new membership only club will also operate in the basement, the basement having a roughly 1,900 sq. ft. kitchen servicing all floors of the membership club, the basement also containing the Music Room space, the Music Room space being 725 sq. ft. where there will be 6 tables and counter seating for a total of 30 seats; the eastern side of the ground floor containing the 3,284 sq. ft. private membership’s Main Dining Room, where there will be 150 patron table seats, 1 stand up bar with 17 additional seats for a total seating capacity of 167, and on the western side, the 1,063 sq. ft. Library space, a separate room with an additional seating capacity of 42, there also being a 946 sq. ft. Bar located on the mezzanine level directly above the main dining room, with a second stand up bar with 9 bar seats and an additional 27 table seats for a total seating capacity of 36, the second floor consisting of nine (9) Suites for overnight accommodations, five of which also have exterior terraces facing north, the third floor

consisting of two Screening Rooms (each roughly 550 sq. ft.) for watching movies and other visual screen experiences, and 730 sq. ft. pre-function breakout space, the fifth floor consisting of a 1412 sq. ft. Member's Event Space with seating capacity of 118, and the sixth or Penthouse floor with ancillary exterior rooftop, consisting of a 565 sq. ft. interior rooftop bar located within the building's westerly turret space, with 15 bar and 18 counter seats for a total seating capacity of 33, there being two doorways leading from the interior turret bar space to two outdoor rooftop spaces, the first being the 1,455 sq. ft. Outdoor Garden South, facing Jane Street, with a seating capacity of 58, the second being the 665 sq. ft. Outdoor Space West, facing West Street, with 49 table seats; and,

v. **Whereas**, there will be also be an enclosed 500 sq. ft. private dining room to be built on the rooftop, which will be a permanent structural addition to the rooftop, without operable windows, where there will be one table with 22 seats; and,

vi. **Whereas**, the total occupancy levels for new membership club will increase and exceed what levels existed at the Jane Hotel, from roughly 350 patrons throughout all the event spaces operated by the Hotel, to a patron occupancy of 750 when combining all the multiple, designated eating and drinking venues within the new membership club, this increase in capacity being a significant concern for the surrounding community, triggering the potential for a significant increase of traffic, including for-hire taxis/Ubers/private cars, due to the proposed change in occupancy levels, with Jane Street existing as a one-way, cobble stone roadway with a single driving lane, that has no outlet or access to the West Side Highway, requiring all traffic on Jane Street to then circle or loop around West Street to Horatio Street when accessing the entrance drop off/pick up location of the private members club, with both Jane and Horatio Streets being connected, the two blocks being occupied and surrounding by residential buildings, with the private membership club being a popular destination location with no facilities for parking in the immediate area, without close access to a public transportation hub to help alleviate the inevitable increase of noise and traffic congestion in the area generated by the new liquor license; and,

vii. **Whereas**, in light of the significant increase and patron occupancy being proposed, the Applicant in good faith met with the local block association and residents living on Horatio and Jane Streets, with the assistance and encouragement of CB2 Man., those discussions taking place over three months, with the principal and operator of the private members club directly involved in those discussions, with the immediately surrounding community organized and opposed to this application, the owner/operator of the Jane Hotel having a significant and well documented history since the inception of its license in 2008 for creating unreasonable disturbances and noise impacts on its residential neighbors over many years by operating a night club at the Hotel, with dancing and DJs, leading to its forced, temporary closure by the City of New York Department of Building for failing to operate with the proper permits due to excessive patron occupancy levels, triggering fines levied by the NYSLA, with the Hotel upon its initial application with CB2, Man. in December/2007, falsely presenting its method of operation to this Community Board as a Hotel operating with background music only; and,

viii. **Whereas**, after extensive discussions were held between the Community and principal operator of SVB, with SVB agreeing and executing a notarized Stipulations Agreement with CB2, Man. which will be incorporated into the Method of Operation for the Private Members Club liquor License, as follows:

**HOURS:**

The premises will have a hard closing time (all patrons off premises) of 2:00 AM seven days a week, except for the Music Room and Library which will have a hard closing time of 2:00AM Sunday - Wednesday and 4:00 AM Thursday - Saturday.

The Restaurant will have a "last reservation" time of 10:30 PM seven days a week. No more than 60 walk ins will be allowed after 10:30 PM. The purpose of this restrictions is to minimize the number of people exiting onto Jane Street late at night, and thereby reduce noise and traffic issues on the Jane/Horatio Street loop.

The roof exterior spaces will close at 11:00 PM seven days a week. Rooftop service will be for seated patrons only. All patrons will be cleared at this hour and area closed.

SVB will not permit occupancy/use 2<sup>nd</sup> floor balconies after 11:00 PM every night and will inform patrons/members and their guests of this club policy.

**EVENTS:**

“Events” are defined as occasions for which there is a scheduled reservation for an \*entire\* space with more than 40 people attending. This includes both events organized by SVB and events for which members are renting a space. The purpose of the following restrictions on Events is to minimize the number of people exiting onto Jane Street at any one time, and thereby reduce noise and traffic issues on the Jane/Horatio Street loop.

There will be a maximum of 10 Events in the first floor, eastside Dining Room Restaurant space per year.

The end times for Events with 40 or more people will be staggered by at least 30 minutes - ie, no Event with 40 or more people can be scheduled to end within 30 minutes of another Event with 40 or more people. There can be 20 exceptions to this per year.

**MUSIC:**

All spaces will be "quiet background music only" (no DJs, no live music) except during Events. The two exceptions are the Restaurant, where there can be live \*acoustic\* music (no brass instruments, no drum sets), and the basement Music Room where there can be DJs and live music at any time. The live acoustic music in the Restaurant will end no later than Midnight (this does not apply to Events).

There will be no music at any time on the rooftop exterior spaces, no exceptions for Events.

There will be "quiet background music only" in the interior roof spaces, no exceptions for Events.

There will be "quiet background music only" on the second floor, no exceptions for Events.

SVB will not permit music on the 2nd floor balconies and will inform members and their guests of this policy, no exceptions for Events.

There will be "quiet background music only" in the Library when it is open after 2:00 AM, no exceptions for Events.

The restaurant will have a sound system tested by Al Fierstein, with multiple small speakers and a volume limiter so that music will not be audible in surrounding residences so as to cause a disturbance. In addition, SVB will have a house sound system tested by Al Fierstein with a volume limiter so that music will not be audible in surrounding residences so as to cause a disturbance. All DJs and live music groups will be required to plug into the house (or restaurant) system, and volume limiter settings must remain unchanged from the level established by Al Fierstein. DJs and live music groups will not be permitted to bring their own sound systems.

No subwoofers will be allowed at any time, except in the Music Room and the two Screening Rooms (3<sup>rd</sup> Floor). The Screening Rooms sound systems will be used only when showing movies. Al Fierstein will test the soundproofing in the finished Music Room and Screening Room to prevent deep bass frequencies from escaping and will test to ensure that the containment of deep bass frequencies is effective.

SVB will not use the rear terrace adjoining the restaurant until it is enclosed; the sound insulating properties of the enclosure will be tested by Al Fierstein before it goes into operation to ensure that it complies with his specifications.

Al Fierstein will test the sound insulating properties of the enclosure for the rooftop "Indoor Space North" planned on diagram submitted to ensure that it complies with his specifications.

**TRANSPORTATION:**

SVB will designate a Traffic Management Liaison who will be responsible for managing the entrance including the sidewalk and curb lane and ensure continual pedestrian and emergency services access. The Liaison would serve as the single point of contact and be accessible to the community and local police precinct should any issue arise, so they are documented and addressed immediately. The community will be given a phone number for the manager on duty.

SVB will direct security or other hotel staff to monitor pick up/drop off activity during the weekdays and weekends. During Events, as defined above, the security or other hotel staff will have a visible outdoor presence and be responsible for discouraging vehicle drop-off and picks-ups in the middle of Jane Street, keeping the adjacent sidewalk clear, trash-free and keeping noise-levels at a minimum.

SVB will work with membership and Uber/Lyft and other taxi services to identify a location away from Jane Street for “For-Hire” vehicle pick up and drop off.

**SANITATION:**

SVB will internally cold-store organic waste and only take bags out as close to the time of carter’s expected arrival as reasonably possible. This should reduce the presence of pests.

SVB will use the carter already serving this location, provided the cater is available, so as not to add any additional traffic to the street.

SVB will also place both organics and recyclables on the eastern sidewalk of West Street and not along Jane Street not only to keep waste as far away from residents as possible but also to keep the sidewalks along Jane Street clear.

**SECURITY:**

SVB will have a 24-hour full time staff and will have security generally between 10 pm and 6 am on days the club is open.

SVB will direct security personnel or other hotel staff members to do perimeter sweeps every other hour to use best efforts to ensure no loitering or blockage of sidewalks and their immediate neighbors’ property.

**MISCELLANEOUS:**

SVB will not use outside third party promoters to operate in or run events or functions. SVB’s use of marketing and PR staff and people, in house and third party, shall not be considered use of a promoter under this section.

There will be no velvet ropes and SVB will use best efforts to not cause a line to form outside of the premises.

SVB will make best efforts to schedule deliveries between 7:00 AM and 5:00 PM.

**ix. Whereas**, despite the stipulation agreement brokered between the Community and the Applicant, legitimate questions still remain as to whether the Applicant has satisfied the statutory elements of a Club License, and other NYS regulations governing not-for-profit entities or organizations, where such license may only be issued to an organization operated solely for recreational, social, patriotic, political, benevolent or athletic purposes, and which may not be issued where the intent is to traffic in alcoholic beverages for profit or for pecuniary gain; and,

**THEREFORE BE IT RESOLVED** that CB2, Man. requests the Licensing Division of the NYSLA review and determine whether the membership club operated by the Applicant properly qualifies for the class of liquor license being sought; and

**THEREFORE BE IT FURTHER RESOLVED** that if the Applicant does qualify for such license, CB2, Man. recommends **denial** of the application for a new Club liquor license to **Jane St. Social Club, Inc. d/b/a SVB NYC, 115 Jane St. 10014** **unless** the statements the Applicant has presented are accurate and complete and that the above-stated conditions and existing stipulations agreed to by the Applicant are incorporated into the Method of Operation on its Liquor License.

## **TRAFFIC AND TRANSPORTATION**

### **Resolution in support of co-naming the n.w. corner of 5th Ave. and Washington Sq. N. Edie Windsor and Thea Spyer Way.**

**Whereas** a request was presented to co-name the n.w. corner of 5th Ave. and Washington Sq. N. Edie Windsor and Thea Spyer Way in recognition of their role in establishing a long-denied civil right of the LGBTQ+ community, a group that has had a large, significant and enduring presence in Greenwich Village for over 100 years and that has played a vital role in helping shape the Village's unique, innovative and artistic character and its open-minded, progressive, humanistic values; and

**Whereas** Edie Windsor and Thea Spyer were married in Canada in 2007, and although their same-sex marriage was legally recognized by New York State in 2008, it wasn't recognized in federal law. The Defense of Marriage Act (DOMA) Section 3 held that the term "spouse" applied only to marriage between a man and woman. A lawsuit brought by Edie Windsor claiming spouses' rights in relation to hers and Thea Spyer's marriage led to the recognition of the legality of same-sex marriages throughout the United States; and

**Whereas** in 2013, in the landmark case of United States v Windsor, in response to Edie Windsor's lawsuit, the U.S. Supreme Court struck down Section 3 of DOMA as unconstitutional and "a deprivation of the liberty of the person protected by the Fifth Amendment" and its guarantee that no person shall be "deprived of life, liberty or property without due process of law." This gave same-sex married couples rights to federal benefits that only heterosexual married couples were allowed previously; and

**Whereas** Edie Windsor and Thea Spyer lived together in Greenwich Village for over 43 years, and during that time were actively engaged in championing and pursuing LGBTQ+ rights and civil liberties within the community and serving people's special needs:

- They were founding members of the LGBT Center at 208 W. 13th St., as well as of SAGE, New York's oldest advocacy group for LGBTQ+ elders (originally located in the 208 W. 13th St. building too), and the Callen-Lourde Health Center (originally located nextdoor to 208 W. 13th), which provides medical services to members of the local community, including at risk youth.
- They volunteered their services at these and other community institutions on a steady basis. Edie Windsor, who was a Senior Systems Programmer at IBM (the organization's highest rank) brought in and set up all the technology for the LGBT Center, SAGE and Callen-Lourde and aided in the learning of how to run these systems. Thea Spyer, a

dedicated clinical psychologist in private practice, voluntarily counseled patients at Callen-Lorde and treated AIDS patients at St. Vincent's Hospital when no one else would.

- They supported and were involved in the activities of Congregation Beit Simchat Torah, New York City's LGBTQ+ synagogue, at the time located at 56 Bethune St. in the West Village.
- They devoted their entire lives to advocating for LGBTQ+ rights, by volunteering, organizing, contributing support, and participating in numerous initiatives, marches, demonstrations, and other events throughout Greenwich Village, such as the Gay Pride Parade and Stonewall commemoration.; and

**Whereas** a petition supporting the co-naming of the n.w. corner of 5th Ave. and Washington Sq. N. Edie Windsor and Thea Spyer Way was submitted with almost 200 signatures, including signatures from NY State Senator Brad Hoylman and NY State Assembly Member Deborah Glick, both of who live in and represent Greenwich Village and include Community Board # 2, Manhattan in their districts, with close to 100 of the signatures from the building located at that proposed 5th Ave. and Washington Sq. N. corner; and

**Whereas** letters of support for the co-naming were received from the LGBT Center, Callen-Lorde Health Center and Judson Memorial Church; and

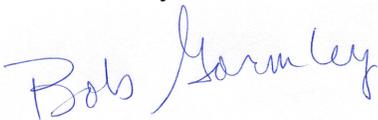

**Whereas** co-naming the corner of 5th Ave. and Washington Sq. N. after Windsor and Spyer is fitting both because they lived there (at 2 5th Ave.), directly across from Washington Sq. Park, and because the Park itself has been the site of so many happenings in the LGBTQ+ rights movement, among them a rally that began there to protest the police's actions at Stonewall, gatherings after the Pride Parade, the wrap up of the Dyke March, and celebration of the Trans Day of Action;

**Therefore be it resolved** that CB2 fully supports co-naming the n.w. corner of 5th Ave. and Washington Sq. N. Edie Windsor and Thea Spyer Way.

Vote: Unanimous, with 39 Board Members in favor.

Respectfully submitted,

Bob Gormley

Community Board #2, Manhattan
