17 Barrow St Gate proposed by Petrillo Ironwork LLC. This is a non decorative gate. Material used will be 1.5 inch black metal matching the existing black railings. Gate will be attached by metal hinges to the existing last railing at the bottom of the stairs. The gate latch is non decorative

## 133 W4th St Gate by Petrillo Iron Works LLC

- Similar enclosure on the side of gate door
- Our proposed gate is similar in proportion to historical examples elsewhere in historical landmarked neighborhood.
- It employs a basic rail and strapwork existing areaway fence and stoop railing
