Staten Island

Korean War Veterans Memorial Parkway

Traffic Pattern:

- **The New York State Department of Transportation is advising motorists that the southbound Korean War Veterans Parkway in Staten Island will be reduced to a single lane from the West Shore Expressway to Wainwright Avenue to rehabilitate the concrete road surface. The project will resurface approximately 17.3 lane miles of the parkway in both directions and is expected to be complete by the end of 2029, weather permitting.**
- **In order to complete this project as expeditiously as possible, NYSDOT is implementing an aggressive work schedule, with construction activities taking place on weekdays between 10 p.m. and 3 p.m. Work will continue in the southbound direction until early next year and then shift to the northbound lanes until the project's completion. The project will enhance safety and provide smoother rides along this critical corridor, which carries approximately 38,000 vehicles per day. NYSDOT appreciates the public's patience as the project will provide better ride quality and extend pavement service life.**
