The agreement includes provisions to address noise control as well as other clauses intended to ensure the that use of the outdoor space is not a nuisance to park users or neighborhood residents within the vicinity of this restaurant concession. If there are any issues, the owners and operators of Black Tap strongly recommend contacting them (and means of contact will be posted), so they may fix any problems immediately.

Pier 84 Black Tap Security Plan

There will be a principal and/or manager on the premises at all times to monitor customers and ensure the safety of all patrons, as well as any quality of life concerns from neighbors. Additionally, all employees of the premises will be ATAP-trained and /or TIPS certified so that they are aware of all responsibility and awareness practices.

The Establishment will follow New York Nightlife Association and NYPD Best Practices. Additionally, management will have state certified security training to assist in overseeing the premises. These managers will be appropriately trained in order to make sure the premises does not become disorderly.

Should any concerns arise, the principals of the establishment encourage neighbors to call immediately to address any issues.

Queuing/Customer Lines

A manager with security training will be assigned to manage customers waiting in line to get into the premises.

The line will form on the North East corner of the premises and go south parallel to the East side of the building. This will ensure that park goers will not be affected by the line. We will have stanchions in order to keep the line organized.

Reservations will only be taken for groups of 12 or more.

Operational Floor Plan Notes

We are anticipating pedestrian traffic coming from the water and highway side. All customers will enter through one entry point and be greeted by a Black Tap host/hostess. If a line needs to be formed please see our queuing plan above.

We will offer three options from a sales point of view. The first is to sit down at a table and receive a full dining experience. Second, customers wanting to sit outside may order from our full menu at the kitchen counter. They will receive a ticket and their meal will be brought out to them in the picnic table area by a Black Tap staff member. Lastly, Shakes, to-go and other beverages may be ordered from the outdoor bar.

During the winter months, we will close the outdoor take out windows as well as the outdoor bar seating. Everything remains open.

STATEMENT OF PUBLIC CONVENIENCE AND ADVANTAGE AND PUBLIC INTEREST

[See, Alcoholic Beverage and Control Law Sections 64, 6-a; 64-a, 7 (d); 64-b, 5 (c); 64-c, 11 (c); and 64-d, 7 and 8 (e).]

Granting an on premises liquor license to the applicant would be to the public convenience and advantage and in the public interest for the following reasons:

1. The principals on this license are currently licensed by the State Liquor Authority. They have had 6 different licenses, throughout NYC without any violations. This demonstrates their aptitude as operators of an On Premises liquor license.
2. Specifically, they have four separate Black Taps with the city, so they have exercised this concept, and it is a proven success.
3. The applicants have petitioned the nearby area and have received signatures in support of this application.
4. This is a family restaurant with, a good reputation for great food and great service.
5. Joe Isidori, the chef of this establishment, has won
6. There are ample public transportation options nearby in the form of subways & buses, so this license would not have an impact on Vehicular traffic.
7. The success of this establishment would mean more jobs, and more city & state tax revenue.
