Public Interest Statement**

The combination of hospitality and tourism is a rare find. The uniqueness would be one of the reasons to visit a place, even if it needs extra money in this area. Overall market analysis indicates the business has a higher probability of promoting repeated customers, making this restaurant more outstanding among competitors.

The restaurant will have paintings and drawings from some of the area's most notable Japanese traditional culture. This will give the art community an opportunity to show their work in a friendly and exciting atmosphere. The customers will have a valuable experience at the site through these encouragements.

Aquihito will be unique to the Hell's Kitchen area. International creative food, and a style of service that will make everyone feel welcome and special. Our food products will be of the finest quality and prepared with sensitivity and care. We will 'go all the way' to satisfy their guests. We will change our menu every seasons representing countries unique cultures especially Japanese, but we'll keep 'your favorite.' Portions will be modestly sized with an attractive presentation.
