500 Foot Rule Addendum – SC LIC LLC

Granting an on-premises liquor license to SC LIC LLC at the Premises located at 735 9th Avenue, New York, NY would be to the public convenience and advantage and in the public interest for the following interests:

1. The restaurant will add diversity to the food and restaurant service options to the neighborhood. The proposed establishment is a bona fide sit-down restaurant offering New Orleans Cajun-style seafood that is meant to target a family crowd. The menu will include, but is not limited to, Alaskan king crab legs, blue crabs, mussels, shrimp, crawfish, and lobster that are poached, then shaken in spices and served. None of the other establishments within 500 feet of the Premises that have an on-premises liquor license serves primarily seafood, so it is in the public interest to expand the dining and entertainment options for the local community. The service of liquor will be strictly ancillary to the operation of the restaurant, and the full menu will be served whenever the restaurant is open.
2. The Premises were formerly operated as a restaurant with an on-premises liquor license, doing business as The Sound Bite Restaurant. The Premises has a letter of no objection allowing its use as a restaurant. The Premises are already equipped with a kitchen, food and alcohol storage area, and restrooms. The applicant is ready to promptly obtain the necessary licenses to operate under its own name, and obtain the required sales tax authority permit, and the worker's compensation and unemployment insurance.
3. The grant of the license is not expected to have significant effects on vehicular traffic and parking in proximity to the location. As an initial matter, the Premises was already operated as a restaurant. Applicant intends to operate the restaurant in a similar manner: without live music or DJs, no dancing, and no music outdoors. Therefore, the applicant does not expect that there will be too much additional traffic and noise caused by its opening.
4. Furthermore, the premises are situated on Ninth Avenue in midtown Manhattan, which is a bustling commercial area with many restaurants and retail businesses. The sidewalks are wide and conducive to pedestrian traffic. Furthermore, the Premises are located close to public transportation. The 50th Street subway station is an avenue away, and there is a bus stop in front of the location.
5. The previous establishment at the subject premises was also a restaurant holding an on-premises liquor license, which was in good standing. There have been no adverse liquor violations or reported criminal activities at the proposed premises. Furthermore, the principal of the applicant is also a principal of three other Shaking Crab restaurants with same menu and currently serving alcoholic beverages in New York City: 2869 Broadway, New York, NY; 230 5th Avenue, Brooklyn, NY; and 37-02 Prince Street, New York, NY. There has been no adverse liquor license history at any of these locations.
6. The principal is an experienced restaurant operator who will bring fresh, high-quality seafood to the area in full compliance with the applicable rules. None of the other alcohol-serving locations that the principal is associated with has had any criminal issues or liquor license violations. The increased diversity that a seafood restaurant brings will only benefit the

community, and as there was a restaurant with a liquor license at the Premises, whose manner of conducting business will be continued by the applicant, we do not expect there to be any increased vehicular or pedestrian traffic, or any increase in noise that would detrimentally affect the community.

7. For these reasons, we respectfully submit that the application should be granted, as it would be in furtherance of the public interest.
