Re: Speed Humps on 20th Street (9/10 Aves.)

Dear Commissioner Sanchez,

Manhattan Community Board 4 (MCB4) thanks the New York City Department of Transportation (DOT) for studying the feasibility of two speed humps on 20th Street between Ninth and Tenth Avenues.

The installation was requested by Chelsea residents who, in particular, voiced concerns about children crossing from the mid-block daycare facility to the park across the street. The street is subject to speeding vehicles rushing to make the light, although truck traffic is not an issue as it is on other blocks, due to the change in traffic direction at Tenth Avenue.

At its May 2nd Full Board Meeting, MCB4 voted in support of the installation of two speed humps for West 20th Street with a vote of 43 in favor, 0 against, 0 abstaining, and 0 present but not eligible to vote.

We look forward to DOT installing such features as soon as feasible.

Sincerely,

Burt Lazarin
