Midtown Homelessness Outreach Report
Breaking Ground Street-to-Home Manhattan
October 18, 2021 Update

Catchment Area

Breaking Ground Street-to-Home Manhattan’s catchment area extends from the north side of 23 St to the south side of 59 St, river to river.

Neighborhood Homeless Outreach Efforts

BG S2HM conducts street outreach to homeless individuals in the Chelsea and Hell’s Kitchen neighborhoods on a daily basis—visiting encampments, hotspots, and chronic clients with the goal of linking street homeless individuals to housing and other vital services.

Joint Operations

S2HM outreach teams conduct weekly joint outreach operations with Times Square Alliance and New York City Relief. S2HM also conducts joint outreach operations with street medicine teams and other outreach providers on an as-needed basis. There have been no recent joint outreach operations with NYPD.

Current Areas of Concern

BG S2HM continues to provide homeless outreach services at all the areas of concern identified in recent months. Highlights for the four weeks ended Monday 10/18 include:

Columbus Circle

Outreach teams report that this area has been mostly free of homeless activity for the last several months. On occasion unknown individuals are encountered bedded down overnight and early morning. Increasing cold weather and heavy police presence has discouraged panhandlers as of late.

58th St and 59th St under West Side Hwy

Outreach teams, case managers, and supervisors had a daily presence here for many months due to the proliferation of complex encampments. Following the placement of several clients and the cleanup of their encampments this spring, this area has been generally free of homeless activity. Fencing was placed shortly after which continued to deter influx of homeless activity. A client has been frequently engaged sleeping behind the fence where the team was physically unable to enter. Client refused placement offered and has not been engaged since although their belongings are often seen, they are not. The area will continue to be monitored for activity.

56th St bet 9th Ave and 10th Ave

Several S2HM caseload clients were bedded down in this location in June, but they left their encampment on or around 6/18. This location has remained primarily clear of homeless activity and material until the end of September when an unknown homeless individual arrived with a multitude of issues apparent to the public. Numerous calls to 911 resulted in individual’s removal for their health and safety. They have not been seen at location since 10/8 removal to hospital by EMS and NYPD.

55th St and 10th Ave

Outreach teams continue to visit this location in response to the reemergence of an encampment behind Independence High School in July. The encampment was short-lived, however, and this location has remains mostly clear of homeless activity and material over the last few months.

DeWitt Clinton Park

Outreach has been canvassing and reporting on this location frequently over the last several months. In April, S2HM case management staff placed two entrenched clients from this location at a stabilization bed facility in Manhattan. Following these placements, homeless activity at this location has been significantly reduced. On occasion a few familiar clients are observed passing through. Rapport will continue to be built with these individuals around accepting placement services.

52nd St bet 8th Ave and 9th Ave

Following an intense schedule of DHS/DSNY cleanups this past spring, this area remained mostly free of homeless activity up until September. A caseload client recently relocated their encampment here which has become quite large and overwhelming to community members as it appears to have grown into the trees. The outreach team along with client's case manager make frequent visits with the goal of moving client into transitional housing however, they tend to change their mind about housing after showing interest. This location was recently added to the Daily Priority Cleanings Initiative again due to tree house encampment.

51st St bet 9th Ave and 10th Ave

Outreach teams have been visiting this location for many weeks in response to steady homeless activity. Large amounts of scaffolding in the area attracted homeless individuals previously; however, only a small section remains. Outreach teams continue to engage and build rapport with the few clients who remain.

8th Ave bet 42nd St and 59th St

Outreach teams canvass this long stretch of 8th Ave daily and offer services to the numerous homeless individuals regularly encountered. Overnight staff typically engages clients bedded down at night between 42nd St and 45th St as well as between 51st St and 52nd St. Many individuals engaged on this stretch come and go which makes rapport building quite difficult. Caseload clients, less frequently engaged in the area, tend to be connected to transitional housing services or in the referral process.

42nd St bet 8th Ave and 9th Ave

Outreach has continued to engage the numerous homeless individuals regularly encountered on this block. The population here is highly transient, and outreach engagements are often with unknown clients.

8th Ave bet 39th St and 42nd St (PABT)

S2HM visits this area regularly and reports steady homeless activity across morning, day, and evening shifts. A caseload client of concern maintains in an encampment here and routinely declines outreach services. Over the last several months, overnight staff has encountered relatively few clients bedded down, mostly unknown individuals.

8th Ave bet 33rd St and 35th St

Outreach teams frequently canvass these two blocks of 8th Ave, which have historically been very active with panhandling and drug-related activity. Recently, this area of 8th Ave has been more active at night, likely due to the overnight shutdown initiative at Penn Station. Outreach teams continue to note significant NYPD presence around the nearby Duane Reade (34th St and 8th Ave) and McDonald's (8th Ave between 34th St and 35th St).

8th Ave bet 31st St and 33rd St (General Post Office)

Outreach teams visit this location often and encounter a varied number of homeless individuals. Many of them are well-known to outreach staff and are engaged in the housing process or are working with other service providers. During the day, numerous individuals rest on the post office stairs. Recently, this section of 8th Ave has been more active at night, likely due to the overnight shutdown initiative at Penn Station. This location has also been the target of DHS/DSNY cleanups.

34th St bet 8th Ave and 9th Ave

This location has seen increased police activity and an ongoing police presence in response to crime in late-2020. Although homeless activity decreased, and remains lower, homeless individuals continue to be encountered, especially near the corner of 34th St and 8th Ave. A few clients from this area have recently received placement at transitional housing sites. Others engaged in the area are in the housing process or are indecisive about placement.

41st St bet 10th Ave and Dyer Ave

Over the past several months, homeless activity at this location fluctuated but has since decreased. DHS/DSNY cleanups in the spring and summer improved conditions. Along with increased S2HM outreach efforts and collaboration with community stakeholders, the location remains clear of encampments.

39th St bet 9th Ave and 10th Ave

Outreach teams visit this area weekly and are working to connect the individuals randomly observed bedded down here to housing and other services. This location has been scheduled for daily DHS/DSNY cleanup as of 9/6.

39th St bet 10th Ave and 11th Ave

Activity has greatly reduced in this once highly active encampment site. Outreach teams and case managers visited this location weekly and have reported decline in homeless activity.

38th St bet 9th Ave and 10th Ave

This once prominent encampment location has since been removed and a welcome location to unknown homeless individuals who are resistant to transitional housing services. Outreach teams are working to build rapport with these individuals to explore housing options available to them.

Dyer Ave bet 34th St and 36th St

Outreach teams visit this active panhandling location frequently due to fluctuating homeless activity. More recently, a couple of clients bed down here overnight have received placement. Outreach teams are working to locate appropriate placement for other individuals although drug use has been a barrier in them accepting housing.

31st St and 32nd St bet 6th Ave and 7th Ave

While these blocks have historically been a popular homeless location due to their proximity to the St Francis Church complex, the population bedded down here has increased recently. Overnight teams visit this location nightly and are working to connect clients to caseload services and transitional housing opportunities.

30th St bet 11th Ave and 12th Ave

The remaining encampment on this block appears to have been cleaned up after outreach teams have visited on a near-daily basis. Staff are working to connect the few unknown individuals observed infrequently bedded down here to housing and other services.

23rd St bet 7th Ave and 8th Ave

Outreach teams has visited this encampment daily since January. While staff and supervisors have been working on housing with the entrenched clients bedded down at this location, S2HM management has joined with DHS and community leaders in exploring collaborative solutions. This location has also been targeted for daily DHS/DSNY cleanups as of 9/10.

6th Ave bet 23rd St and 29th St

Outreach teams canvass this long stretch of 6th Ave at least daily in response to community concerns. Over the past month, homeless and related activity at this location has increased; however, S2HM remains vigilant around the persistent illegal vending and the homeless population it has attracted, particularly between 23rd St and 24th St. Several individuals who regularly frequent this location have been working closely with outreach teams to overcome barriers to housing.

DDC's Ped Ramp Project# HWPEDSF4 on W 34th St & 8th Ave:

- Our contractor, JLJ, is still doing Con Ed utility work on W 34th St & 8th Ave. No city contract work has been performed since our last DSC meeting.
- JLJ is rebuilding a Con Ed manhole at W 34th St & 8th Ave during weeknights, Monday through Friday, 8pm-6am; and they're also rebuilding a Con Ed manhole at the southwest corner of W 33rd St & 8th Ave only on Friday nights, 8pm-6am.
- JLJ & Con Ed made some good progress on the west side of 8th Ave between W 34th St & W 33rd St. From February 2021, they were dealing with a shallow gas main issue which delayed their electrical layout work. That issue was resolved in September, and now they are able to catch up with the utility work on that block.
- As of right now, we do not have a set timeline of when all of Con Ed's utility work on W 34th St & 8th Ave will be done so JLJ can resume city contract work to complete the project.
