President  
MTA Construction & Development  
2 Broadway  
New York, NY 10004

**Re: West 14<sup>th</sup> Street Station ADA Construction Project (M, F/L Lines)**

Dear President Torres-Springer,

Manhattan Community Board 4 (MCB4) is very pleased that the MTA is making all platforms at both 14<sup>th</sup> Street/Sixth Ave station and 14<sup>th</sup> Street/Seventh Ave station ADA accessible.

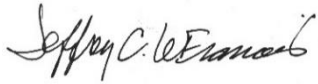

At MCB4's July 27<sup>th</sup> Full Board meeting, the Board voted 38 in favor, 0 opposed, 1 abstaining, and 0 present but not eligible to request that as part of this project:

- All work above ground be performed during business working hours
- The ventilation grates on the affected blocks be replaced with new ones
- The bike lane be properly rerouted, and any tree or refuge be restored to its present condition

The 14<sup>th</sup> Street/Sixth Ave station will see six new elevators, two new stairs, and the refurbishment of other stairs as well as platform and mezzanine areas for servicing the L and F/M lines. The 14<sup>th</sup> Street/Seventh Ave station will see three new elevators, one new stair, and the refurbishment of other stairs as well as the platform and mezzanine areas for servicing the 1/2/3 lines.

The project will start in June 2022 and end in June 2024. Most of the work will be 24 hours a day when underground, with L line service interruptions anticipated every two weeks on weekends.

Sincerely,

Jeffrey LeFrancois  
Chair  
Manhattan Community  
Board 4
