Sidewalk Cafe Setup Feedback:
 Community Board chooses to **WAIVE** review

Comments related to the cafe's physical footprint and dimensions:

MCB4 has no objection to the footprint of the proposed sidewalk cafe reflected on the Site Plan -- 5' deep by 6'10" wide. We believe, however, that the proposed 2 tables with 2 seats each (plus seated patrons) cannot fit into that footprint and, as a result and in practice, the tables and chairs will likely invade the required 5' clearance from the standpipe located to the right of the cafe. Accordingly, MCB4 proposes that the cafe be limited to one table with either 2 or 4 seats.

Comments related to pedestrian flow (i.e., visibility, safety, potential crowding):
Comments related to potential conflicts with existing curb use (i.e., planters, bike racks, bus stops):

Please check one of the recommendations below, either **approval**, **denial**, or **approval with modifications** relating to the above application:
