

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2027

Manhattan 4

The City of New York
Zohran Mamdani, Mayor

FY 2027 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY Preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2027 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Adopted Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

01	304202713C	<p>Request: Other capital budget request for DOT</p> <p>Explanation: Fund publicly-accessible electric vehicle charging infrastructure. In anticipation of a full transfer to electric vehicles, private, commercial and public, the need for separate, multi-vehicle charging areas is urgent. Our district houses arteries to both the George Washington Bridge and the Lincoln Tunnel. If the city expects to hit its own carbon-free goals, we need to have the appropriate infrastructure and funding to achieve that objective with a priority on universal availability.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports but cannot accommodate</p> <p>Explanation: The NYC Department of Transportation (DOT) has partnered with Con Edison to enhance electric vehicle (EV) charging accessibility. The agency has installed hundreds of Level 2 curbside chargers and DC fast-charging hubs across all five boroughs, making it easier for New Yorkers to charge their vehicles. Currently, there are six charging sites in Manhattan. 01	304202716C	<p>Request: Other capital budget request for EDC</p> <p>Explanation: Enable shore power at the Manhattan Cruise Ship Terminal. The Manhattan Cruise Ship Terminal is an overwhelming source of pollution. When ships are docked, their engines run to generate power and keep the lights on, emitting thousands of tons of diesel particulates into the air. A docked ship's emission for one day equal 34,000 idling tractor trailers. Installing a socket for cruise ships to "plug-in" to draw power from the existing power grid will dramatically reduce diesel particulate matter and improve the water quality in the Hudson River. Cruise ship fleets are already converting and the EDC should serve that demand to upgrade the terminal and reduce the carbon footprint of the cruise ship industry. We stress this be done with or without any master plan renovation.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Supported by: Council Member Erik Bottcher Economic Development Corp.</p> <p>Location Site Name: Cruise Ship Terminals</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: EDC recently received an approval from OMB for \$20M to advance shore power to the property line of MCT. 02	304202722E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Conduct a comprehensive study to prioritize intersections in most need of "daylighting" based on available crash data. The study should also establish a timeline for fixing these intersections.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: The New York City Department of Transportation (DOT) appreciates Community Board 4's strong support for creating safer streets both within the district and throughout the city. There is an initiative to 'daylight' approximately 1,000 intersections citywide each year. Currently, the process is being developed and may include roadway markings, physical barriers, parking restriction signage, and/or the widening or extension of sidewalks as appropriate treatments.</p> <p>Daylighting can be an effective tool for improving visibility at certain intersections, particularly those without signals and where specific geometric conditions affect sightlines. However, it is not suitable for every intersection. The DOT is cautious about implementing daylighting at intersections where these changes could inadvertently allow vehicles to turn more quickly by widening the roadway on the approach. Additionally, with the recent increase in residential deliveries, parking spaces that are marked for daylighting may often be occupied by delivery vehicles, which can negatively impact visibility.</p>
03	304202723E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Study sidewalk capacity and pedestrian demand along 9th Avenue between 33rd and 51st Street. In particular, study space effectively allocated to pedestrians, sidewalk obstructions and pedestrian volumes resulting in a true pedestrian level of service. Align sidewalk with the northern and southern sections that have been widened to address congestion.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: NYC DOT is exploring the redesign of the 9th Avenue corridor from 50th Street to 34th Street. 9th Avenue is a Vision Zero corridor, and the agency supports widening the sidewalk to accommodate the high pedestrian volume. The agency plans to expand the sidewalk in 2026.</p>

05	304202725E	<p>Request: Provide new bike lanes</p> <p>Explanation: Add crosstown bike lanes and widen existing ones.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: The New York City Department of Transportation (DOT) is dedicated to enhancing the safety and efficiency of the city's streets. They will collaborate with Community Board 4 to introduce bicycle facilities in the area. The DOT will investigate the possibility of creating protected crosstown bicycle lanes in Midtown Manhattan. As you may know, designing this type of facility in the area presents challenges, including high vehicle volumes, curbside access requirements, and the need for network connectivity. The agency will continue to assess the feasibility of these improvements as it works to expand and upgrade the bicycle network. Additionally, the agency will install conventional bike lanes on West 18th and West 22nd Streets by extending the two existing bike lanes. This work is scheduled to be done during our resurfacing season in FY2026.</p>
06	304202726E	<p>Request: Other traffic improvement requests</p> <p>Explanation: Implement a busway on 42nd Street - End to end.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports but cannot accommodate</p> <p>Explanation: NYC DOT has improved the existing bus lanes and installed curb extensions along the corridor. However, a comprehensive study and traffic analysis are necessary for the major street redesign aimed at enhancing pedestrian safety and upgrading infrastructure. The agency will continue to collaborate with CB 4, elected officials, and other stakeholders in the near future.</p>

19	304202739E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: Normalize the West 30th Street and Dyer Avenue intersection to include four pedestrians crossings.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: Additional information is required from CB 4.</p>
20	304202740E	<p>Request: Address traffic congestion</p> <p>Explanation: Make changes to 2 adjoining intersections: Route 9 & W.18th St., remove the No U-Turn sign in order to avoid turning at W.16th, a more congested street. Route 9 & W. 17th St., unsafe pedestrian crossing due to current signal cycle and aggressive southbound traffic exiting Chelsea Piers and W 17th St. Increase Green Signal time and provide a Leading Pedestrian Interval (LPI) for pedestrians on the south leg of the roadway.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: The New York State Department of Transportation has begun a study of the West Side Highway along Route 9A, with participation from the NYC DOT. The locations will be assessed as part of this study.</p>
21	304202741E	<p>Request: Address traffic congestion</p> <p>Explanation: Resolve traffic congestion at the intersection of 9th Avenue and 15/16th Streets. Pedestrian crossing 16th Street conflict with turning cars creating traffic delays on 9th Avenue . The congestion slows down the M11 bus and exposes NYCHA residents to loud honking noises. Signal timing should be adjusted and a split phase signal installed.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports and can accommodate</p> <p>Explanation: The agency supports and will accommodate the request.</p>

Housing Authority			
01	304202750E	<p>Request: Other public housing maintenance, staffing and management requests</p> <p>Explanation: Fill vacant elevator maintenance staff. NYCHA elevators are frequently broken and taken out of service, causing great hardships to the residents. In 2018 there were about 44,000 elevator outages which is an unacceptable performance level. NYCHA has unfilled skilled elevator mechanic and mechanic's assistant positions which should be filled with trained individuals. More skilled mechanic positions should be created to allow servicing to meet the needs of these buildings and their residents.</p> <p>Responsible Agency: Housing Authority</p> <p>Supported by: Fulton, Elliot\Chelsea, and Harborview Developments Tenant Association</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports but cannot accommodate</p> <p>Explanation: Good Morning, NYCHA's staffing is constrained by federal budget allocations but NYCHA strives to maintain a high level of service across it's portfolio.</p>
02	304202751E	<p>Request: Other expense budget request for NYCHA</p> <p>Explanation: Establish a dedicated NYCHA unit to coordinate with the Department of Buildings on Facade Inspection Safety Program (FISP) compliance. The unit would oversee timely facade repairs and the removal of long-standing sidewalk sheds at the Fulton and Elliott-Chelsea Houses and other NYCHA sites in Community District 4. This request aims to end the cycle of permanent scaffolding caused by delayed repairs, improve safety, and ensure transparent, coordinated action across agencies.</p> <p>Responsible Agency: Housing Authority</p>	<p>OMB supports the agency's position as follows:</p> <p>Agency supports but cannot accommodate</p> <p>Explanation: The Scaffolding at your locations is up due to Local Law 11, which mandates scaffolding when there are issues with facade brickwork to protect pedestrians from falling masonry. Unfortunately, facade work is currently not funded for repair so we are unable to give an estimate on when the scaffolding will be removed. The rest of this request should go to the Department of Buildings.</p>

Human Resources Administration			
01	304202746E	<p>Request: Other homelessness prevention program request</p> <p>Explanation: Expand discharge planning, including GED completion programs, job training, financial literacy, resume building and interview skills. Ensure that these services are coordinated to promote a successful transition from shelter into permanent housing. Services should be tailored to ensure that residents are successful in their new housing accommodations.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows:</p> <p>This request has already been completed.</p> <p>Explanation: DSS works with sister agencies to connect clients with resources, including HRA Career Services. Career Services helps Cash Assistance clients build the skills and experience needed to achieve career success and financial stability. Resources are also available in shelter to assist clients with securing gainful employment.</p>
Landmarks Preservation Commission			
01	304202747E	<p>Request: Other expense request</p> <p>Explanation: Increase funding for additional Landmarks Preservation Commission (LPC) staff to expedite calendaring for landmark designation and reduce the existing case backlog, including long-pending requests such as St. Benedict the Moor Church (referenced in MCB4's 2019 letter), Bayview Former Prison at 550 West 20th Street (Request for Evaluation - 2013), and New Dramatists Inc. at 424 West 44th Street. In addition, portions of the proposed Hell's Kitchen and Patty's Market Historic District. Expanding staff capacity will allow LPC to process these and other outstanding evaluations more efficiently, ensuring that historically significant sites are reviewed and protected in a timely and transparent manner.</p> <p>Responsible Agency: Landmarks Preservation Commission</p>	<p>Agency does not support but can address the need alternatively</p> <p>Explanation: The agency believes the request for additional staff is reasonable; however, funding is not available at this time. LPC doesn't have a case backlog for Requests for Evaluation. For designations, LPC's Research Department has a detailed work plan to accomplish significant designation work within the Fiscal Year in accordance with the agency's priorities.</p>
