Re: Request for Information on Usage Public Pay Phones

Dear Commissioner Cosgrave,

Manhattan Community Board 4 is currently evaluating placement of street furniture in our district.

As we assess the benefits to residents and visitors of particular public pay telephones, it will be very useful to consider the frequency of use of each installation.

Therefore, we are requesting from your Department, site-specific data on each phone installation. Aggregated information is not sufficient, as it would restrict our ability to make reasonable comparisons between locations.

We are asking that we receive this information by November 1, 2007 so that we may proceed to the next stage of the street furniture placement on schedule.

Sincerely,

Jean-Daniel Noland
Chair
Manhattan Community
Board No. 4
