Mr. Bookman asked the full board to adopt the approval and vote affirmatively for the letter as drafted by BLP committee.

#### Remarks from Elected Officials and Representatives

#### State Senator Brad Hoylman

Senator Hoylman spoke about the passing of the \$163 billion state budget in Albany. He is happy to report that the age of criminal responsibility in New York State was raised from 16 to 18. He mentioned that the Senate Democratic minority, the press, and the public are not allowed sufficient time to digest draft budget bills before the bills are scheduled for a vote on the floor. Non-elected officials and people who are paid by special interests often are the drafters of these budget bills. Sen. Hoylman's bill "The Child Victims Act," which would have extended the current statutes of limitation on child sexual abuse (under the current law, civil and criminal claims have to be made before age 23), was killed in the Senate without consideration and his ask for a public hearing was also denied. See StopAbuseCampaign.org to track the overall effort to organized around the issue. Generally, Senator Hoylman remarked that vested political interest and special interest prevent good legislation to be considered in Albany.

Senator Hoylman has also been working hard to counteract the influences of the Trump administration in the State of New York. There is a rumor that a new Executive Order called the "Religious Freedom Act" will be issued in the near future to restrict women's right to choose and the right to same sex marriage. Senator Hoylman carries a bill called The T.R.U.M.P. Act, which would require tax disclosures in order for any presidential and vice-presidential candidates to run in the State of New York. Secondly, Senator Hoylman also carries a bill that would change NY law to require the State Department of Taxation and Finance to release tax information for all holders of statewide public office. He hopes to force a vote on these bills before session is over.

In response to members' questions, Senator Hoylman said that in November, there will be a constitutional convention up for vote. It is called the "Con-Con" and if it passes, presidential delegates will be chosen based on voting districts. Also, in November, there is also a vote to ban people who are convicted of public corruption to receive state pensions. Sen. Hoylman also mentioned we have an ally in Governor Cuomo on the fight surrounding the Port Authority bus terminal. Sen. Hoylman said that there is legislation being proposed to force private schools to report sexual abuse cases like public schools are currently required to do. The speed camera issue is something that we have to continue to work with the Republican majority on.

## Andrew Lombardi for Borough President Gale Brewer

Mr. Lombardi explained that there are over 1000 applications for CB members in 2017 and that new members will hear about their appointments "as soon as possible." On April 24<sup>th</sup>, MBPO hosted a symposium on the "Future of Urban Manufacturing" and the conversation surrounded the Mayor's EDC proposal for rezoning of the Garment Center and the potential move of some businesses from the Garment District to Sunset Park. Local business owners, manufacturers, and many others who trade/do business/work with the Garment District participated because many will be affected by the proposal and there is a want from the community for a real conversation before a cohesive plan is set in stone. A sign on letter was sent to EDC to ask for establishment of a steering committee to guide the process. CB4 signed onto the said letter.

2 event updates: Mr. Lombardi mentioned the launch of Justfix.NYC, a new free website where NYC residents can document their needed repair issues in their apartments. MBPO is offering training sessions on Justfix.NYC in its Northern Manhattan office at 431 West 125<sup>th</sup> St. every Thursday evening in May from 6-8pm. Also, Governor Cuomo has added \$50 million to the Regional Economic Development Council program and a

	sum of over \$800 million is now available statewide to fund community development, waterfront revitalization, and workforce development projects. MBPO is hosting informational sessions on REDC programs for organizations on May 22 <sup>nd</sup> from 8:30-10am at 163 W 125 <sup>th</sup> Street, 2 <sup>nd</sup> floor gallery. Deadline for application is Friday July 28 <sup>th</sup> .
	See flyer.
Brandon Ward for State Senator Marisol Alcantara	Mr. Ward gave a brief budget update: NYS now has (1) free college tuition for families making less than \$100K (will later go up to \$125K), which is an important first step in the right direction; (2) free legal help for any immigrants facing deportation (previously, 97% of those without attorneys who face deportation gets deported and with legal assistance, the chance to remain in the U.S. increases by 1000%); (3) \$2.5 billion allocated to maintain infrastructure for clean water; (4) translation services for order of protection is now available in the top 10 most popular languages in NYC.
Anthony Sattaglia for Assembly Member Richard Gottfried	Mr. Sattaglia mentioned that the Port Authority is doing a study and will release a report in late July on the viability of the Terminal to stay at its current site. A/M Gottfried is said to be "cautiously optimistic" about the report. A/M Gottfried's district office is moving (after 30 years) to 214 West 29 <sup>th</sup> btw 7 <sup>th</sup> and 8 <sup>th</sup> Avenues on the 10 <sup>th</sup> Floor on May 15, 2017.
Jeremy Crimm for Congress Member Carolyn Maloney	Mr. Crimm mentioned a big win for NYC because Congress voted to reimburse NYC for security expenses spent on protecting the Trump family and Trump Tower since election. C/M Maloney was a huge advocate on the issue. The estimated amount spent by NYC was \$25.7 million btw election and inauguration and NYC received a sum of \$27 million for that time period and an additional \$40 million for post-inauguration security. Mr. Crimm also mentioned that the new Kosciuszko Bridge is now operating. C/M Maloney got \$670 million of federal funding for this project, which accounted for 85% of the overall cost. C/M Maloney is very unhappy with the "Financial Choice Act" – which will replace the Dodd-Frank Financial Regulatory Reform Bill. C/M Maloney's office is rolling out a new program for youth engagement called Congressional Youth Cabinet. They are seeking high schoolers to act as C/M Maloney's policy advisors on youth issues. See flyer.
Gabriel Dann- Allel for NYC Mayor Bill deBlasio	Ms. Dann-Allel represents the Community Affairs Office for the Mayor. The Mayor on May 3 announced that A/C units will be installed in all public schools by 2022. Priority will be given to schools that run summer school programs and have a high percentage of students who is at school during the hottest months of the year. On Monday May 1 <sup>st</sup> , the City launched a city-wide ferry service, which is operating one month before the scheduled launch. There is now ferry service from Rockaways to Wall Street's Pier 11 (one-way trip takes one hour) and the cost is \$2.75. The current East River Ferry, which goes from Midtown to Green Point and Brooklyn Heights will be integrated into the system and priced the same way. A potential West Side Ferry is being considered.
	Mr. Holguin gave an overview of findings in NYC Comptroller's (1) Neighborhood Jobs report; (2) Audit Report on NYC Transit's Efforts to Inspect and Repair Elevators and Escalators; (3) Aging with Dignity: A Blueprint for Serving NYC's Growing Senior Population. Reports are available.
